

The Armed Forces of the Muslims Must Launch Precision Strikes on the US Military Bases, Including the US Forward Base, the Jewish Entity

U.S. Central Command and the Saudi Arabian Armed Forces conducted precision strikes in Iraq, July 28, against Iran-aligned terrorists that the Islamic Revolutionary Guard Corps (IRGC) directed to attack U.S. forces and Saudi energy infrastructure. ([USCENTCOM](#) July 28, 2026)

Crippled by cowardly troops, the American military leadership wants military alliances with Muslims in its war against Iran. At the same time, the American political leadership uses military alliances to spin a web of regional alliances that secure the permanent Jewish occupation of the Blessed Land of Palestine. Trump has thus mobilized his agents in the Muslim World to make alliances with each other, as well as with the Jewish entity. The result is that Muslims kill Muslims, whilst the Jews and the Christians celebrate.

The Muslims will be harmed by the plots of the disbelievers unless they refer to the Noble Quran and Prophetic Sunnah for direction. Allah (swt) forbade the making of alliances with the Jews and Christians. Allah (swt) said, **يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَتَّخِذُوا الْيَهُودَ وَالنَّصَارَىٰ أَوْلِيَاءَ بَعْضُهُمْ أَوْلِيَاءُ بَعْضٍ وَمَنْ يَتَوَلَّهُمْ فَإِنَّهُ مِنْهُمْ** **“O you who have believed, do not take the Jews and the Christians as allies. They are [in fact] allies of one another. And whoever is an ally to them among you – then indeed, he is [one] of them.”** [TMQ Surah Al-Ma'idah :51]. The Messenger (saw) forbade Muslims from seeking assistance (isti'aanah) from kafir states, since he forbade seeking light from the fire of the mushrikeen, as he said, **«لَا تَسْتَضِيئُوا بِنَارِ الْمُشْرِكِينَ»** **“Do not seek light from the fire of the mushrikeen.”** [Narrated by Ahmad]. Fire is a kinayah (metonym) for war. The Messenger (saw) also said, **«فَإِنَّا لَا نَسْتَعِينُ بِمُشْرِكٍ»** **“We do not seek assistance from a mushrik.”** [Sahih Ibn Hibban].

Thus, Islam has forbidden alliance with, and seeking military assistance from, the disbelievers. At the same time Islam has ordered that Muslims are unified under a single Khaleefah (Caliph). The Khilafah (Caliphate) state will remove all nationalist borders that have divided the lands of Muslims. It will gather all the resources of the Muslims within a single baytul maal (state treasury). It will combine all the armed forces of the Muslims under a single Ameer of Jihad. The Khilafah will lead the armed forces of the entire Ummah in a military operation to dismantle the entire US military infrastructure within the Muslim World, including the Jewish entity. In this time of growing Fitnah, the Shariah obligation upon the Muslims is to strive for the establishment of the Khilafah Rashidah (Rightly Guided Caliphate) on the Method of the Prophethood.

The American Policy of Strategic Restraint Exercised by the Rulers of Pakistan is the Cause of Increasing Indian Belligerence

The Government of Pakistan condemns in the strongest possible terms the highly provocative and irresponsible comments by the Indian Defence Minister in the context of Jammu and Kashmir dispute. ([Ministry of Foreign Affairs, Pakistan](#) 27/07/2026)

The weak response by the Ministry of Foreign Affairs is an attempt to deceive the Muslims Pakistan. These statements carry no weight because they are not backed up by military action against the Hindu State, which occupied Kashmir and is now threatening to occupy liberated Azad Kashmir. The history of the Pakistan-India conflict shows that only the deployment of military force has forced India to retreat from its conspiracies against Pakistan.

However, in obedience to Washington, the rulers of Pakistan adopt the policy of strategic restraint which has granted the Hindu State a huge strategic and tactical space. While the agents of Trump in Pakistan champion dialogue and restraint towards India, the BJP-led government has carried out its threats and policies against Pakistan as proclaimed in their election manifesto.

The Hindus, the people of plotting and deception, have changed the rules regarding Jammu and Kashmir dispute. The political and military leadership of India has been openly threatening to annex liberated Azad Kashmir as well as Gilgit Baltistan. The Western colonialists have always

supported the Hindu State in its war against Islam and Muslims, so it is pointless to even consider that the so-called international community will further any cause of Muslims. Thus, the treacherous rulers of Pakistan have abandoned Kashmir. They have no serious policy to liberate occupied Kashmir, providing India the opportunity to crush the resistance of Muslims of Kashmir.

Abandoning Jihad to adopt strategic restraint harms the Muslims and their causes. By the Grace of Allah (swt), a golden opportunity arrived in May 2025, when our brave armed forces defeated Indian aggression during a four-day war. Yet, the military leadership did not advance to liberate all of Occupied Kashmir. They instead obeyed the arrogant Trump and secured a ceasefire to save India from defeat and humiliation.

Pakistan needs a political and an intellectual revolution resulting in the establishment of the Khilafah. The establishment of Shariah Law of Allah (swt) will purify our military thinking which is polluted by nationalism, pragmatism and secularism, whilst giving Trump's men ample room to betray the causes of Muslims. The Islamic military doctrine of Jihad will expose the hypocrites, unleash our full potential, allowing the Islamic Ummah to determine the international scenario, instead of suffering at the hands of the disbelievers. The Muslims of Pakistan must demand that their armed forces remove the traitors within their leadership and grant nussrah (victory) for the re-establishment of the Khilafah (Caliphate) on the Method of the Prophethood. The Khaleefah of the Muslims will strive to return the whole of South Asia into the Abode of Islam, including occupied Kashmir.

The Education Crisis in India Can Only Be Solved by the Shariah Law of Allah (swt)

India's education minister, Dharmendra Pradhan, has resigned after a week of mass demonstrations... The protests were organised by a newly formed youth political movement, the Cockroach Janata party (CJP)... The core demand of the CJP and its supporters was the resignation of Pradhan over an exam leak scandal that has devastated the lives of millions of students and led to more than a dozen students taking their own lives. ([The Guardian](#), 25/07/2026)

The recent education scandal in India is not an isolated administrative lapse. It is one example of many confirming the failure of the Indian state in providing education. The Indian Parliament was informed that 89,000–94,000 government schools closed between 2014-15 and 2024-25; over 65,000 now run with fewer than 10 students, and more than 5,000 report zero enrollment. In the same decade, nearly 43,000 new private education institutions opened, in yet another shift from education being a state service, to being a privilege for those who can afford it. A single private MBBS seat now costs approximately 10 million India Rupees, which is the equivalent of 103,916 US dollars, well beyond the means of most households in a Third World country.

Moreover, the failure of state education in India is similar to the failure in Pakistan and Bangladesh. The situation is the same in all three states because the cause is the same - the system that the British colonialists left behind, after they dismantled the Shariah ruling governance. Before the British invasion, Shariah ruling governance established a decentralized network of elementary schools (maktabas), kuttab for Quranic learning, higher institutions of learning (madrasas), and indigenous community setups extending into villages. Education was supported by the state, with a focus on the Arabic language, Shariah jurisprudence (fiqh), Persian language as well as astronomy, medicine, and mathematics. Literacy extended into the villages, whilst high standards of education attracted scholars from all over the world.

However, the agents of Britain's East India Company destroyed community set ups, and took no steps to replace the schools. The British uprooted the Arabic and Persian languages, as well as effective mass education, and replaced them with the English language and a narrow focus on producing a small Westernised elite to rule the masses. Thus, in 1947, the British left the Indian subcontinent with a literacy rate of 16 per cent, and a female literacy rate of 8 per cent.

The only way forward for the Indian subcontinent is the return to Shariah ruling governance. In Shariah, education is amongst the services that the state must provide. This is the case, due to the Unanimous Consensus of the Companions (ra) (Ijma'a as-Sahaba) on giving provision to the teachers by a particular amount as a wage for them from the Bait ul-Mal. Also, because the

Prophet (saw) assigned the ransom of the captives (of Mushriks) as being to teach ten Muslim children, while this ransom was of the booties which is property belonging to all the Muslims.

Throughout the centuries of Shariah ruling governance, the Muslim World was the location of the best schools and universities. The Islamic Ummah led the world in all disciplines within education, and laid the foundations of much that is known today. Let the Muslims of the Indian subcontinent strive for the return of the Khilafah Rashidah (Rightly Guided Caliphate) on the Method of the Prophethood, for success in Dunya and Aakhirah.

The Shariah and Political Solution to Terrorism in the Muslim World is the Establishment of the Shariah Law of Allah (swt)

Iranian Foreign Ministry spokesperson Esmaeil Baqaei strongly condemned the terrorist attack on a police checkpoint in the city of Tank, located in Pakistan's Khyber Pakhtunkhwa province.... Baqaei also emphasized the necessity of strengthening cooperation and coordination among regional countries to effectively and consistently combat terrorism. ([IRNA](#), 26/07/2026)

The Pakistan Army is now ensnared in military conflict within the provinces of Khyber Pakhtunkhwa and Baluchistan, as well as with Afghanistan. Throughout the Muslim World there is continuous fighting between Muslims, within the Muslim states and between the Muslim states. It is a severe security crisis, which weakens the Islamic Ummah before its disbelieving enemies, by ensnaring the armies of Muslims in never ending wars.

The solution to conflict between Muslims is not more cooperation between the existing Muslim states. The Muslims states operate on the Western secular, nationalist conception of counter-terrorism, which can never bring reconciliation between Muslims. Western counter-terrorism is built on the idea that the only legitimate state is a secular, nationalist state. Thus, Western counter-terrorism views any rejection of secularism and nationalism as a threat to the state, which must be suppressed by force of law or force of arms.

The Islamic Ummah is distinct from the Western peoples, just as the Shariah Law is distinct from Western secular law and the Khilafah state is distinct from the current Muslim secular nationalistic states. The example of the Messenger of Allah ﷺ in dealing with the tribes of Al-Madinah provides the effective solution to preventing fighting between Muslims.

- The Messenger of Allah (saw) established the Islamic society on the basis of the Islamic Aqeedah (creed). The Prophet (saw) addressed any tendency towards the partisanship of Jahilliyah immediately and effectively. Thus, Al-Aws and Al-Khazraj of Al-Madinah became brothers of the Muhajiroon from Makkah, Salman (ra) from Persia, Suhaib (ra) from Rome and Bilal (ra) from Africa.

- The Messenger of Allah (saw) settled the disputes between the Muslims on the basis of the Shariah Law of Allah (swt). In the Shariah ruling governance, solutions are derived from the Noble Quran and the Prophetic Sunnah, which settled the hearts and minds of Muslims. Disputes are never settled on the basis of man-made laws, derived from the opinion of the majority, which only builds resentment within minority factions.

- The Prophet (saw) intervened directly when there arose a significant wealth disparity between the Ansaar of Al-Madinah and the Muhajiroon of Makkah, which could lead to resentment. So, he distributed the spoils of war preferentially to the Muhajiroon due to their poverty relative to the Ansar. This is in addition to implementing the Shariah Law of Allah (swt) in the economic and financial domains, which ensures that wealth is never concentrated within one area or race.

The Muslims and their armed forces must strive together for the establishment on the ruling governance of Shariah Law. It is the only solution that ends fighting between Muslims. It is the Khilafah Rashidah (Rightly Guided Caliphate) on the Method of Prophethood which will effectively unify the Muslims as one brotherhood against the disbelieving enemies.
