

It is Time for the Liberation (تحریر Tahrir) of the Muslim World from the Evil of American Colonialism in All Its Forms

On 4 September 2026, [the US Department of State](#) issued a press release in the name of its spokesman, stating, “The United States will continue to use every diplomatic and economic tool at its disposal to isolate the Iranian regime until it abandons its support for terrorism and its destabilizing activities in the region. We urge the international community to join this effort and ensure no institution serves as a financial lifeline for a regime that threatens peace and security.”

Who is the US to speak of “support for terrorism” when it itself is supports the terrorism of the Jewish entity and the Hindu State, whilst committing acts of terrorism itself all over the world?

Who is the US to speak of “destabilizing activities,” when its military bases, including its forward military base, the Jewish entity, are the central cause of instability in the Muslim World?

Clearly, the US itself is the regime that prevents peace and security throughout the world, from South America to South East Asia, threatening many states including Venezuela, Canada and Greenland.

The peoples of the world must reject the American efforts to maintain its terrorism, injustice and colonialism. Led by the Islamic Ummah, humanity must sever all lifelines for the American regime, forcing it to retreat to its abode in a new era of isolation. Instead of merely witnessing the destruction of one Muslim state after another, the Islamic Ummah and its armies must confront American colonialism in all its forms. It is time to deprive the United States of every tool that is currently at its disposal, including the rulers of the Muslims, who are either blind agents or appeasing followers of Trump.

It is time to strive for the liberation (تحریر tahrir) of the Muslim World from the chains of American colonialism, securing real independence for the Islamic Ummah through ruling by the Book of Allah (swt) and the Sunnah of the Prophet (saw).

Raise Voices for the Mobilization of the Armed Forces to Liberate Occupied Lands

ISLAMABAD, Sep 3 (APP): The All Parties Hurriyat Conference has urged the world community to raise its voice against the continued repression faced by oppressed Kashmiris in Indian illegally occupied Jammu and Kashmir. ([Associate Press Pakistan](#))

Whilst many fair-minded people are raising voices regarding the repression of Muslims in Kashmir, it does not end repression.

Raising voices to the international community is futile. The international community of Western powers is itself the cause of the occupation of Kashmir. In 1947, the Western powers sided with India to prevent the complete liberation of occupied Kashmir, after Muslims fought successfully to liberate what is now known as Azad Kashmir (“Liberated Kashmir”). In 1999, during the Kargil War, the US president demanded a ceasefire, when he feared the liberation of Occupied Kashmir. In May 2025, during Operation Bunyan-un-Marsoos when Pakistan Air Force achieved air superiority, the US vice president demanded ceasefire to prevent the liberation of Occupied Kashmir.

Raising voices to the rulers of Muslims is futile too. They are agents and followers of the Western powers. Despite commanding millions of troops, the rulers of Muslims never mobilize the armed forces for the causes of Muslims.

So, let us raise voices for the mobilization of the armed forces, after the removal of any ruler or military commander that disobeys the command of Allah (swt) Who said, ﴿وَمَا لَكُمْ لَا تُقَاتِلُونَ فِي سَبِيلِ اللَّهِ وَالْمُسْتَضْعَفِينَ مِنَ الرِّجَالِ وَالنِّسَاءِ وَالْوِلْدَانِ الَّذِينَ يَقُولُونَ رَبَّنَا أَخْرِجْنَا مِنْ هَذِهِ الْقَرْيَةِ الظَّالِمِ أَهْلُهَا وَاجْعَل لَّنَا مِن لَّدُنكَ وَلِيًّا وَاجْعَل لَّنَا مِن لَّدُنكَ نَصِيرًا﴾ **And what is the matter with you that you fight not in the cause of Allah and for the oppressed among men, women, and children who say, “Our Lord, take us out of this city of oppressive people and appoint for us from Yourself a protector and appoint for us from Yourself a helper?”** [TMQ Surat An-Nisa:75].

Quick-Wittedness (سرعة البديهة) Ensures Immediate Implementation of Shariah Rulings, Not Long-Winded Debates About Cost-Benefit Analysis

Bangladesh's accession to the Mecca Defence Pact could create new opportunities for the country, but security experts have cautioned against rushing into a decision... The views emerged at a discussion titled “Joining the Mecca Pact: Scrutinising Bangladesh's Options.” (<https://en.prothomalo.com/bangladesh/vhiozozdur> 31 August 2026)

Why is there a need for such lengthy debates over the matter of the defence of the Islamic Ummah and its lands? It is a disease to employ the style of mechanical philosophy in the vital issues of the Islamic Ummah, which are clarified simply by the Shariah ruling from Allah (swt), Al-Hakeem (the Most Wise). Shariah orders the unification of the Islamic Ummah under a single Imam, ruling by Islam. Shariah prohibits the division of Muslims on the basis of nationalism, into dozens of nation states. Shariah orders the mobilization of the armed forces of the Muslims to liberate occupied lands, expelling the disbelievers as they expelled the Muslims from their abodes.

The agents of the colonialists, the rulers of Muslims, use mechanical philosophy in order to appear as if their decision was independent. So, within each Muslim state, experts are wheeled out to spin the government narratives on the basis of cost-benefit analysis, which itself is built on the corrupt concept of Western utilitarianism. The colonialists themselves encourage the Muslims to use mechanical philosophy in the vital issues, so that they procrastinate to the level of crippling paralysis, neglecting both the clear Shariah Rulings, and the Shariah concept of Halal and Haram.

As is clear from the example of the Khulafa'a Rashidun (rightly-guided Caliphs), Islamic leadership is characterized by quick-wittedness (سرعة البديهة) in implementing the Shariah rulings, allowing the Muslims to focus on the practical execution of the rulings using the best plans, styles and means. So, let the Muslim politicians, policy makers, military commanders and notables in influence abandon study and debate where it is not needed, and instead focus their study fully on the practical execution of the Shariah rulings.

The Ummah's True Victory Lies in the Establishment of Khilafah, Not a Nation-State

In a post on X, the Prime Minister said the 30th of August commemorates the historic victory achieved under the leadership of Gazi Mustafa Kemal Atatürk, which laid the foundations of the modern Turkish Republic. ([Radio Pakistan](#) 30 August 2026)

Who was Mustafa Kemal? He was the architect of the dismantling of the Islamic Khilafah in 1924, stripping the Ummah of its shield and ending the ruling governance of Islam. He built

the foundations of the modern Turkish democratic republic on the ruins of the last Islamic State. Modern Turkey was established by abolishing the Shariah, closing the Islamic courts, persecuting the ulema, and replacing the sovereignty of Allah (swt) with secular, Western-imposed laws. To celebrate this as a victory is to celebrate the substitution of divine ruling governance with the rule of Taghut, a rule of transgressions against the Shariah Law.

While Muslim masses shed their blood to repel the colonialist invaders, this sacrifice of the Ummah was hijacked by a secular nationalist leadership. Instead of restoring the Islamic authority that the masses fought to protect, this leadership used the momentum of victory to forge a secular nation-state, ultimately binding the country's military and political fate to Western hegemony, such as NATO, thereby trading true Islamic independence for subservience to the capitalist world order.

The only true victory for the Islamic Ummah is not found in commemorating the establishment of secular republics, but in dismantling them. The sincere people of Türkiye and Pakistan, and across the Muslim World must reject this hollow nationalism and the betrayals of their rulers. The Ummah's pain will only be cured, and its true independence secured, through the collective, sincere effort to resume Islamic life by re-establishing the Khilafah (Caliphate) upon the Method of the Prophethood.

Only under the banner of the Khilafah will artificial nationalist borders be erased, the Shariah be implemented, the honor of the Muslims be restored, and the Risaalah message of Islam be carried to the world, as it was in the centuries of the golden age of our history.

Jihad is Not Business, It Is a Shariah Obligation to Raise the Kalimah of Allah as the Highest

Field Marshal Syed Asim Munir NI (M) HJ, Chief of Army Staff and Chief of Defence Forces (COAS & CDF) visited Pakistan's largest defence industrial complex, Pakistan Ordnance Factory (POF) in Wah. The visit focused on reviewing POF's production capabilities, export potential and contributions towards the country's defence industrial base. ([Inter-Services Public Relations](#) - August 29, 2026)

Under the current agents of colonialism, warfare in the Muslim World is business. The military industry is largely restricted to light weaponry and ammunition to earn dollars through exports. Due to this limited vision, there is not even a plan to establish a domestic machine industry that allows manufacture of jet engines, tank diesel engines, tank transmission systems and microchips. Thus, currently Pakistan depends on many critical components of military hardware upon the US, China, France, Germany, Italy and the Ukraine.

In Shariah Law, warfare is to raise the Kalimah of Allah as the highest, so the Muslims aspire for military superiority in all the domains of warfare. The Prophet (saw) drew upon the expertise of the disbelievers in Yemen in the matter of catapults and siege shelters, but established domestic production. For centuries, the armies of Muslims led the world in military technology, assisting them in fighting the tyrants and opening new lands to the mercy of Islam.

The Khilafah Rashidah will rapidly close the defects in the industrial base of Muslims, in obedience to the Shariah command to prepare for war in a manner that terrifies the enemy. Allah (swt) said, ﴿وَأَعِدُّوا لَهُمْ مَا اسْتَطَعْتُمْ مِنْ قُوَّةٍ وَمِنْ رِبَاطِ الْخَيْلِ تُرْهِبُونَ بِهِ عَدُوَّ اللَّهِ وَعَدُوَّكُمْ﴾ **“And prepare against them whatever force and steeds of war you are able to muster, that you may strike terror into the enemy of Allah and your enemy.”** [TMQ Surah Al-Anfal: 60].
