Regime Works with Colonialist to Undermine Our Youth's Attachment to Islam

At a 12 July 2017 seminar entitled 'Growing radicalisation in educational institutions', which was organized by the Sindh police's Counter-Terrorism Department (CTD) at the Central Police Office, the Bajwa-Nawaz regime's campaign to suppress Islam continued. "Radicalisation [is] growing at academic institutes with the CTD assessing that the next generation of militants [is] more likely to have university education rather than a madressah background," said Additional IG Dr Sanaullah Abbasi who heads the CTD in Sindh. With the deliberate avoidance of defining 'radicalisation' and 'extremism', the regime repeats these phrases so much that people start to assume that "the more Islamic you are, the more of a potential threat you are."

The US policy to suppress Islam is aimed at nothing short of ensuring that the students do not engage in political discussions because this may lead them reaching a consensus on identifying US colonialism as the main factor behind Pakistan's destabilisation and degeneration. There are neither conference or seminars taking place, nor strong statements issued again those with colonial mindsets working to disseminate and embed the secular liberal culture in the minds of the future generations Muslims. The regime's agenda is clear to all, they only wish to poison the minds of our future generation with democracy, Western freedoms and secularism, whilst destroying the noble morals, elevated values and sincere chastity in our sons and daughters. So, from the regime's corrupt perspective, it would be a crime if our youth called for the abolition of Democracy and re-establishment of the Khilafah (Caliphate) upon the method of the Prophethood.

It is upon the noble youth of Pakistan to expose the evil of the government policies. The station of our youth is not in film festivals and music concerts as the misguided governments want, but rather on the front lines of the invitation to Islam, as they were since the beginning of Islam. The mission of our youth is not the same as that of the lost, purposeless and misguided Western youth, for the youth have a greater and superior obligation. The Muslims are the followers of the young companions of Rasool Allah (saw), possessing hold a great message that they are commanded to convey and spread. The pride, glory and salvation of our youth is in implementing that eternal message through the establishment of the Deen, with all its systems in the State of Islam, and carry it a lifeline for the entire world. Thus the youth need to fear none but Allah, trusting in Him alone – carrying the message of Islam to those with open hearts and exposing the lies of those who are hostile to Islam and Muslims. May the next generation of Islamic rulers and statesman emerge from the academic institutes. Allah swt said, ﴿وَمَنْ أَحْسَنُ قَوْلًا مِّمَّنْ دَعَا إِلَى اللَّهِ وَعَمِلَ صَالِحًا وَقَالَ إِنِّي مِنَ الْمُسْلِمِينَ﴾ **"And who is better in speech than one who invites to Allah and does righteousness and says, "Indeed, I am of the Muslims."** [Surah Fussilat 41:33]

The Trump Administration uses Carrot and Stick to Push the Bajwa-Nawaz Regime to "Do More"

On Friday 14 July the Dawn Newspaper published a news report with the title, "Bills suggesting curbs on US assistance to Pakistan okayed." The report stated "The text of the bill, released earlier this week, includes provisions to make the civil and military aid to Pakistan conditional to Islamabad stopping its alleged support to the Haqqani network and other militant groups in the South Asian regions." Since the beginning of the US's filthy "War on Terror", traitors in Pakistan's civilian and military leadership have continued to support US with hopes of financial rewards. The Musharraf-Aziz regime sided with the Republican Administration headed by George W. Bush after one phone

call, providing essential intelligence and logistical support for the US forces to enter our region. Then, the Kayani Zardari regime sided with the Democrat Administration of Obama to “do more” in fighting those who opposed the US occupation under the banner of fighting “terrorism.” Then, the Raheel-Nawaz regime as a service to Washington worked to “do more” by suppressing Islamic political expression under the banner of fighting “extremism.” And today the US is using its old carrot and stick policy to get the Bajwa-Nawaz regime to “do more” with the lowly rulers of Pakistan willingly playing the role of a donkey which knows only to respond to the carrot or the stick.

America’s demand to “do more” is fueled by her fear that the return of Islam as an ideology is nearing. It sees Pakistan as a major threat as it is the only Muslim nuclear power and possesses world's sixth largest army. Hence successive US administrations, Republican or Democrat, have been working with Pakistan's traitorous leaderships to constantly weaken Pakistan. It is evident that the capitalist ideology, which is driven by benefit, will attract corrupt individuals as leaders. Such corrupt leaders will submit to the colonialists to secure their own selfish interests, as opposed to the interests of the Ummah. Leaders from within Democracy will focus on ensuring that they remain in power and hence work to secure the interests of their masters. In blind slavery to the colonialists, such rulers continue to subjugate the Muslims to worse conditions than their predecessors.

Halting this downward spiral demands nothing less than uprooting of capitalist system and replacing it with the Islamic Khilafah on the Method of the Prophethood. It is only the Khilafah system that will ensure that the rulers are only focused on pleasing Allah (swt) as opposed to the colonialists. Indeed, the Seerah of our Prophet (saaw) elaborates that the situation of the Muslims changed drastically only once the Ideology of Islam was implemented in Madinah by the support of the Ansar. The Muslims that nothing less than establishing the Khilafah Upon the Method of Prophethood is real change. Any thing less will ensure that the American “do more” policy will continue and its enmity will continue to unleash more perils for the Muslims. **﴿إِنَّ الْكَافِرِينَ كَانُوا أَكْثَرُ عُذُوًّا مُبِينًا﴾ “Verily, the disbelievers are ever unto you open enemies” [Surah An-Nisa'a 4: 101]**

Let Our Armed Forces Seek Martyrdom or Victory Liberating Occupied Muslim Lands

A young army major, who had become married only seven months ago, was martyred in a suicide attack in Peshawar on 17 July 2017. May Allah (swt) grant our noble Muslim brother His Jannah and Sabr to his family. This grave loss to the Muslims of Pakistan adds to a list of thousands, since the destructive US invasion of Afghanistan and its “War on Terror” to crush any resistance to its occupation of Muslim Lands, igniting the fires of chaos and Fitna within Pakistan. It is evident to us that such heinous assassinations are supervised by the Kafir American intelligence and private military, which have been the cause of Fitna and chaos everywhere from Central America to Vietnam, through Iraq and Afghanistan and now roam free in Pakistan, thanks to the current agent rulers. In Pakistan, such assassinations are used to justify the US demands to “do more” in securing its cowardly troops from a fierce tribal resistance.

There is a real sense of grief when we hear about the weapons of Muslims being pointed against each other leading when we consider that RasulAllah (saaw) said, **«إذا التقى المسلمان بسيفيهما فالقاتل والمقتول في النار، قلنا يا رسول الله هذا القاتل فما بال المقتول قال انه كان حريصا على قتل صاحبه»** **“When two Muslims face each other in fighting and one kills the other, then both the killer and the killed are in the hell-fire.”** The Companions asked, **“O Messenger of Allah, this is the killer - what about the poor person who has been killed?”** The Prophet (saaw) said, **“He had the intention to kill his companion.”** If only the Muslims had a military leadership that would point our guns at the head of the snake in the region, America and the mushrik Indians, there would be contentment in our hearts, even if thousands of our troops were martyred in pursuit of liberating occupied leadership.

However, not only is the current civilian and military leadership deprived of Islamic thinking, it is as effectively deprived of any thinking because they are slaves to the political will of the West. The purpose of these rulers is to hear and obey, spinning excuses to pacify the Muslim anger at their colonialist policy. These criminal rulers are deserving only of being seized and replaced by a Khaleefah Rashid, ruling by Islam and mobilizing our men at arms, both the armed forces and the tribal fighters, against the enemy Kuffar that have violated our lands, honor, properties and lives for too long.
