

Vaccination Programs for Children are Alive and Active in Gaza when all food, medicine and fuel are blocked

News:

The Telegraph reports that Unicef delivered half a million vaccines to Gaza to prevent the spread of childhood disease. The United Nations agency warns of an infection risk among Gaza's 1.9 million internally displaced people.

Comment:

Given that the United Nations has completely failed in all of its human rights policies to protect; Women, Children, Refugees, Innocents in war, Animals and the Ecology.

One must consider that the sudden action at which the vaccination program is pushed through without any blockage is nothing short of another treachery to accelerate the deaths of children. There is no concern for health and safety when chemical weapons and mass destructive bombs carpet entire towns, turning them to dust.

The genocide in Gaza is the most comprehensively documented assault on humanity in the history of the world. We have no shortage of evidence of the crimes committed, and there is no way to deny the body parts of children that are scattered all over the streets of Gaza. And yet the sickening priority of the Nations that call for "peace" and "justice" is to send "vaccines". No doubt this is potentially another one of their biological experiments that will serve as evidence for new weapons to murder this Ummah of Mohammad (saw).

We are not fooled by this fake attempt at humanity. We know only the Khilafah (Caliphate) is true to its mandate to protect human rights and does not have an agenda of greed and monetary goals.

We call the Ummah to hold the Muslim leaders to account for allowing more crimes against the bloodline of the Ummah by not stopping the use of these fake vaccines, and we reject their illegitimate solutions in the form of negotiations and pretend plans to mediate against the enemies of Islam. We are guided by the noble words of Allah (swt) when He warns us of the false plans of peace with the wrongdoers of the world when He (swt) says; وَإِذَا قِيلَ لَهُمْ لَا تُفْسِدُوا فِي الْأَرْضِ قَالُوا إِنَّمَا نَحْنُ مُصْلِحُونَ * أَلَا إِنَّهُمْ هُمُ الْمُفْسِدُونَ وَلَكِنْ لَا يَشْعُرُونَ ﴿١١﴾ "And when they are told, "Do not spread corruption on earth," they answer, "We are but improving things!" Unquestionably, it is they who are the corrupters, but they perceive [it] not." [Al-Baqara: 11-12].
