

Britain, with its Hatred towards Islam and Muslims, Labels our Call to Support Gaza as Terrorism, while their Hands Drip with our Blood, and They Fail to See their Own Brutality as Terrorism!

(Translated)

News:

The British Parliament approves plans to classify the Islamic Political Group Hizb ut-Tahrir as a terrorist organization. This move comes following the group's participation in organizing marches in London, especially alongside pro-Palestinian marches during the conflict between 'Israel' and Hamas. Both the House of Commons and the House of Lords supported these plans, paving the way for the immediate implementation of the ban. Starting tomorrow, belonging to Hizb ut-Tahrir, advocating for its support, or displaying its symbols in public places will be considered a criminal offense. (Sada Albalad)

Comment:

The West, in all its shades, spectrums, and backgrounds, continues to bare its fangs that it has always been keen on hiding from the world, especially from Muslims. All slogans of freedom, human rights, the free world, party pluralism, and democracy quickly evaporated, as if they were drops of water falling on a scorching hot plate, rapidly dissipating to prove that they were nothing more than illusions, mirages, and lies that the West boasted about and marketed to the world for the purpose of colonization and the draining of the blood of its people under its umbrella. They were never meant for application or adoption.

The brutal war on the unfortunate Gaza has left the West with no fig leaf to cover itself, while they unanimously agreed to supply the Jewish entity with military, political, financial, and moral support, enabling it to excel in killing, annihilating, and crushing Muslims, the innocent, children, women, and life in Gaza, all in order to maintain their advanced military base (the Jewish entity) in the heart of the Islamic Ummah, deep within the Islamic world. They justified that brutality and support to themselves, despite having no common religion, culture, race, or language. There is no pretext for that support, as if to say they share one religion, one race, one culture, or one language, or at least; they justify it with the language of justice, humanity, and rights. Nevertheless, they continue to provide Jews with explosives, missiles and bombs that have devastated everything, and the Prime Minister of Britain himself emerged unscathed from the embrace of those rockets and explosives, which he personally brought aboard a military transport plane. All of this is considered normal and without any qualms for them. They do not label it as terrorism or brutality, even though it epitomizes the peak of terrorism and brutality by killing innocent people, children, and women, and destroying schools, hospitals and mosques.

On the other hand, those crusaders considered that a Muslim supporting his brother and expressing his solidarity with those who share the same religion, language, ethnicity, culture, and advocating for their triumph, even if it's just a call through language, thought, and argument, is deemed as a terrorist act that warranted the banning of the Hizb and classifying it as a terrorist organization!! How astonishing! Those who defend the oppressed and downtrodden are deemed terrorists, while those who supply the criminal with bombs and weapons are considered peace doves!!

These are the lean years that have prolonged upon the Islamic Ummah; a criminal West devoid of values, principles, and humanity, turning the truth into falsehood and falsehood into truth. Baring its fangs without regard for its image, its people, or the world, it is like a predatory Jewish entity eager to confront the Islamic Ummah and face the imminent reckoning, InshAllah. There, Allah will extinguish falsehood, injustice, and colonialism, establish the truth, and grant victory to Islam and the Muslims. They will return as masters of the world, leading it towards justice, happiness, and tranquility. Neither Britain, nor America, nor the entire West will benefit from everything they do to hinder the resurgence of the Ummah and its return to its rightful place. The victory of Allah is inevitable and His decree will not be thwarted by any force on the face of the earth. We and they will surely meet, **وَسَيَعْلَمُ الَّذِينَ ظَلَمُوا أَيَّ مُنْقَلَبٍ يَنْقَلِبُونَ** “And those who have wronged are going to know to what [kind of] return they will be returned.” [Ash-Shu'ara:227].
