

Traitor Hasina can't Hide her Ugly Agent Face by Displaying a Deceptive Stance

News:

Bangladesh Prime Minister Sheikh Hasina has made serious allegations about a plot to establish a "Christian state like East Timor" using parts of Bangladesh and Myanmar, and an offer by a "white-skinned man" to help her return to power if she allowed a foreign nation to build an airbase there. "Like East Timor ... they will carve out a Christian country taking parts of Bangladesh [Chattogram] and Myanmar with a base in the Bay of Bengal," Hasina said. (India Today, May 27, 2024)

Comment:

The Muslim Ummah already knows about the conspiracies hatched by the USA and is experiencing their bitterness in every single moment. The Ummah is desperate to get rid of the evil clutches of the USA and is seriously considering to resort to Islam and its Caliphate (Khilafah) ruling system as a protective shield against all its evils. So, whatever PM Hasina uttered implying the US plots, the Ummah is already aware of that. This traitor Hasina, who is constantly betraying the people of Bangladesh, is trying to prove that she belongs to the Ummah's camp, even though her actions adequately prove that she belongs to the enemy's Camp. She is trying to prove that she is acting as a guardian and protector of the Ummah, but in reality she is one of the deadly wolves in disguise hiding inside the Ummah to guarantee our devastation and demise from within. If she ever takes any position against the US that would merely be a bargaining chip for her to navigate through the quickly evolving geopolitical landscape and that has nothing to do with Ummah's welfare. Whatever her evil intentions are, she can't hide her ugly agent face from the Ummah by showing deceptive anti-US stance.

Hasina came to power in 2008 with the blessings of an US-UK shadowy and sinister agreement. And since then, Hasina served the USA very well by fighting ideological Islam using the term 'terrorism'. She also conspired with and help our enemies to kill 57 bright officers of Bangladesh Army at the headquarters of Bangladesh Rifles-BDR (now BGB) and the people of Bangladesh are still suffering due to that fatal stabbing on the back. To bolster the USA's ideological interest, this lady menace introduced LGBTQ+ and genderism in the education curriculum and drafted a new act for protecting and promoting this anti-Islamic filth in Bangladesh. US embassies in the Muslim lands are considered a forward base or cantonment for the US and Hasina is providing top category protection to one of these cantonments. And not to mention the dangerous military treaties like ACSA, GSOMIA and donating oil and gas rich massive hydrocarbon blocks in the Bay of Bengal to US corporation ExxonMobil. The list of Hasina's treachery to the Ummah and subservience to the colonialist West goes way beyond that and there is no doubt that she is a worthless agent of the Kuffar.

The reality is that, the US occupy and colonise Muslim lands and establish military bases at strategic positions that belong to the Islamic Ummah. Besides, to control the armed forces of the Muslim countries this Kuffar State imposes harmful military treaties on the Muslim armed forces and entangle the Muslim world with debt-traps using the World Bank and IMF. On the cultural front, the US spread lewdness, shamelessness, unregulated and abnormal sexual desires amongst the Muslim masses. All these are evident; however, the most effective tools for controlling the Muslim world are the agent and subservient rulers. These agent rulers ensure the effective implementation of all these colonial schemes and without the agent rulers the Kuffar Colonialists' dominance on the Muslim Ummah would never be possible. Without the collaboration of the agent rulers in Indonesia and Sudan, East-Timor and South-Sudan tragedies could never happen! The US or the UK, has little or in-fact no power without the agent rulers in the Muslim Lands. As such, among all the aforementioned colonial tools, Hasina as an agent ruler is the most harmful tool against the Ummah. Getting rid of the likes of her and establishing the second righteous Khilafah (Caliphate) will be the long coveted launching point of Ummah's revival, insha'Allah.
