

The Furthering of Attacks by the Jewish Entity Endangers All Muslims

News:

The furthering of attacks by the Jewish entity in Lebanon endangers all Muslims, in particular Muslim women who are visible in their Islamic dress code. According to a statement by the National Council of Canadian Muslims (NCCM), two women wearing the Muslim headscarf were attacked in front of their children in Winnipeg, Canada. The statement noted that a knife-wielding man punched the women in their faces and made inappropriate comments.

"The Israelis did a good job of landscaping Gaza. They'll do the same to Lebanon," and other slurs of an Islamophobic and anti-Palestinian nature," were made publically. The Canadian leader Justin Trudeau said the following on his official X account on Friday.

"I'm angry to learn that women wearing hijabs were the target of a violent attack in London, and a mosque in Winnipeg was the target of hateful harassment."

Comment:

It should be understood that no number of public statements supporting Muslim women in Canada can cover up the true enemy status of the Canadian prime minister as he supports the mass murder of tens of thousands of Muslim women in the Muslim world. There is no possibility of showing an alliance with Muslim interests and playing both sides of the political spectrum. We, as Muslim women, must see through the web of lies that non-Muslim and Muslim leaders give us with their vacant statements of condemnation with zero action to stop the slaughter of women and children.

In another NCCM statement, it was said, "It is time to act. Now. There is no time for more platitudes and words. Our leaders have to come up with a real plan to address this massive and disturbing rise in hate against our communities."

To add to our social and political burdens, we have Islamic representatives who fall into the same liberal traps and outdated mindsets with no vision of the Quran and Sunnah. They make it easy for the Muslim Ummah to stay stuck in abuse cycles and failure to have dignity. We must be uncompromising in our commitment to return back to the leadership of the Prophet (saw), and the noble examples of the righteous caliphs (Khulafaa'). Our eyes and ears have become so very used to the killing and homelessness of our women and children that we do not see urgency for change anymore. This also means we have become immune to the fear of the Hellfire and anger of Allah (swt) when He mentions the ayat such as; لَا يَسْتَأْذِنُكَ الَّذِينَ يُؤْمِنُونَ بِاللَّهِ وَالْيَوْمِ الْآخِرِ أَنْ يُجَاهِدُوا بِأَمْوَالِهِمْ وَأَنْفُسِهِمْ وَاللَّهُ عَلِيمٌ بِالْمُتَّقِينَ ﴿٩٤﴾ **"Those who believe in Allah and the Last Day will never ask your leave to be excused from striving (in the cause of Allah) with their belongings and their lives. Allah fully knows the God-fearing."** [9:44].

We must return to honouring the Quran and Sunnah with the leadership of the Khilafah and the actual defence of the honour and life of Muslim women. It is clear that the enemies of Islam feel very free to expand their wars against the believers until this happens.
