

Trump's America is Unable to Do What Senile Biden Could Not

(Translated)

News:

"US President-elect Donald Trump has made a number of controversial statements that clearly reflect the extent of the difference in US domestic and foreign policies with outgoing Democratic President Joe Biden. On the foreign policy front, Trump said he would stop what he described as chaos in the Middle East, stop the war in Ukraine, and prevent the outbreak of World War III, without explaining how he would do all of this...

...Since 7 October, "Israel" has been waging a genocidal war on the Gaza Strip, with full US support, in which more than 153,000 Palestinians, most of them children and women, have been killed and injured, and more than 11,000 have gone missing, amid massive destruction and famine that has killed children and the elderly. Earlier this month, Trump threatened that if detainees in the Gaza Strip were not released before his inauguration on January 20, there would be "all hell to pay" in the Middle East, and said that "those responsible would be hit harder than anybody has been hit in the long and storied history of the United States of America..."

...On the domestic front, Trump said he would make major changes in Washington, and the Republican majority in Congress supports his nominations for officials. Last month, Trump announced his picks for the top 20 positions in his government, choosing a group of traditional and non-traditional officials for senior positions in less than 3 weeks from the presidential election. Trump's choices brought together several figures with conflicting ideological backgrounds, but they are united in supporting the framework of his populist movement "Make America Great Again," known by the acronym "MAGA." Comment:

The Republican Party logo is the elephant, and the elephant has a beautiful story in the history of Muslims. Elephants were the powerful strike force that the Persians used in their wars. Elephants remained in that role until the Persians confronted the Muslims in the Battle of Al-Qadisiyyah. The Muslims neutralized that force by cutting off the trunks, and gouging out the eyes, of the elephants. This is what will happen to the American elephant soon, at the hands of the soon-to-be-established Khilafah (Caliphate) State, by the Permission of Allah (swt). The elephant has another story conveyed to us by the Noble Quran, when Abraha al-Ashram brought an elephant to demolish the Kaaba. However, its fate was nothing but that Allah (swt) sent a hail of stones from Hell upon it, so it became a mere trace after an eye blinks. Whether Trump is Abraha al-Ashram or Rostam Farrokhzad, Allah (swt) knows, whilst the believers are waiting to see.

This Trump who promises to stop the chaos, is the cause of the chaos. His country is the one who ignited the fires of chaos. America is the one who supported the Jews with all forms of weapons. America is the one who installed tyrants in many Muslim countries such as Bashar al-Far (the Rat) and Ibn Salman. America still supports tyrants such as Sisi, Erdogan and others. Let us not forget his statement and his description of Sisi as "my favorite dictator." Therefore, no one should think that Trump is the man of peace who will achieve peace in the Middle East. Instead, Trump says that he will end the chaos with more killing and brutality, in line with America's current policy that is based on killing and brutality against the peoples of the Islamic world, who are rebelling against their tyrants. This is just as he promised to unleash "all hell" in the Middle East if Jewish prisoners in Gaza are not released. So what is new in Trump's policy, that is different from Biden's current policy?!

As for the Ukrainian file, Trump will act like a gang leader who abandons one of his men Zelenskyy and his country, and hands it over to Russia in exchange for gains, some of which

he achieved in Syria, with another deal he is yet to make with Putin, the leader of the Russian mafia.

As for the story of World War III and preventing it from happening, it is only to flex muscles, and for local and media consumption. Who are those parties for the world war, if America is not the instigating aggressor in it?! If there are upcoming wars, America is the one that will ignite them, and as the saying goes, "سَلَمَ الْعَالَمُ مِنْ أَمْرِيكَا وَهُوَ بَخِيرٌ" "The world that is safe from America is all good."

Under its successive Republican and Democratic administrations, America has spared no effort in imposing its hegemony and policies on the countries of the world. It always uses its agents and proxies in the world to achieve these goals, while it has failed to achieve any accomplishment by its own strength. Therefore, Trump will not be more capable of achieving more accomplishments in the Middle East and around it, apart from the collusion and failure of America's agents in the world. If it were not for these agents, their cowardice and their blustering, Trump would not have been able to brandish a thick stick to threaten the world. Moreover, these agents do not perceive that they themselves are that stick. America uses them as dirty arms to ignite fire in the countries of the Islamic world. If the agents were rational, they would have been able to overthrow America's hegemony simply by rebelling against America's selfish will.

On the domestic front, Trump does not have a magic wand to address the economic, social and health problems plaguing the country. The capitalist system has brought the country to a state of disrepair, marked by the monopoly of wealth in the hands of a small elite, less than one percent. Capitalism has made America no different from the failed states throughout the world, where corrupt rulers and a select elite monopolize the country's wealth, while the rest of the people live in abject poverty. This is what is happening now in America, where the owners of giant corporations have monopolized America's wealth, most of which is the world's wealth, while the rest of the people live on the crumbs that the capitalists throw at them. This situation is not caused by the corruption of the capitalists alone. Instead it is caused by the capitalist system itself. Capitalism is based on economic theories such as monopoly, concentration of wealth, usury and speculation. So, would a sane person think that Trump is thinking outside of the capitalist box, of which he himself is a part, and benefits from its corruption and rottenness?!

What is expected of this wretched servant is that he will continue with his country's current state of global crime and domestic corruption. He will not be able to do more than what his country is doing in terms of crimes, using all of its aforementioned malicious energies. He will continue to use the same means and methods used by his predecessors, the rulers of. Allah (swt) said, ﴿وَضَرَبَ اللَّهُ مَثَلًا رَجُلَيْنِ أَحَدُهُمَا أَبْكَمُ لَا يَقْدِرُ عَلَى شَيْءٍ وَهُوَ كَلٌّ عَلَى مَوْلَاهُ أَيْنَمَا يُوَجِّههُ لَا يَأْتِ بِخَيْرٍ هَلْ يَسْتَوِي هُوَ وَمَنْ يَأْمُرُ بِالْعَدْلِ وَهُوَ عَلَى صِرَاطٍ مُسْتَقِيمٍ﴾ **"Allah presents an example of two men, one of them mute, unable to do anything, and he is completely dependent on his master. Wherever he directs him, he brings no good. Is he equal to one who enjoins justice and is on a straight path?"** [TMQ Surah An-Nur 16:75].

The world, the Middle East, and the peoples of the world will not be satisfied with their decision until one of the descendants of Saad bin Abi Waqqas, the leader of the Battle of Qadisiyah, comes and cuts off Trump's trunk and gouges out his eyes, in another Battle of Qadisiyah, whose two sides are the state of the Second Khilafah Rashidah (rightly-guided Caliphate) on the Method of Prophethood and America and its allies, such that Allah (swt) sends upon their armies, birds in flocks as assistance, to make them forget the whispers of Shaytan.
