

Why is Syria Suitable for Everything Except Islam?

(Translated)

News:

“The leader of the new Syrian administration, Ahmed al-Sharaa, met on Friday at the People's Palace in Damascus with German Foreign Minister Annalena Baerbock and her French counterpart Jean-Noël Barrot, during a visit to the Syrian capital, during which they stressed the need to achieve a peaceful and comprehensive transfer of power.

Al-Sharaa's meeting with the French and German foreign ministers is the first meeting at this level with Western officials, since the fall of the regime of ousted President Bashar al-Assad. ([Al Jazeera Arabic](#) 3 January 2025)

Comment:

With its new transitional government, Syria has reverted to the same state it was before Assad fled. There is no military retaliation against the Jewish entity. There are agreements with Western countries. There is more submission and integration into the international order and its norms that contradict Islam. Since Assad fled, Ahmed al-Sharaa has been receiving delegations from many Western and Arab countries to prove to the West that he is with them, and ready for what they want. He is keen to prove his worth to them and to prove that he will not let their plans for Syria go to waste.

There are meetings with the ministers of Germany and France, whose business in Syria, a land of Muslims, we do not know. There are orders from America and planning for the presence of American military bases in Syria as reported on satellite channels. There is reassurance to the Jews that Syria did not pose a threat to them. All this is while Ahmed Al-Sharaa has not consolidated power like the rest of the rulers. So how would he have been had he consolidated power?!

Syria was ruled by Islam for centuries until the Khilafah (Caliphate) was destroyed by the kafir powers that plotted against Islam. Since that day, the Ummah has been suffering from the rulers that the West installed over our necks, to prevent the return of Islam in any state. Syria suffered the most. Its people paid a heavy price for the destruction of the Khilafah, at the hands of the criminal Hafez al-Assad and his butcher son Bashar. This was until Allah (swt) favored them by overthrowing Bashar, so that they could be rid of humiliation and disgrace. Will they now accept replacing humiliation with humiliation?! Will our free people in Syria accept to return as slaves to the West, and to the West's laws, that are unjust to Muslims?!

Why does the new Syrian government see that Syria is suitable for everything except Islam, as a state?!!
