

The Rulers of Muslim Countries Are Containing the Collapse of the United States

News:

On 6–7 November, the C5+1 Summit was held in Washington. In particular, on 7 November, Euronews reported: *“Trump welcomed the leaders of Kazakhstan, Uzbekistan, Kyrgyzstan, Tajikistan and Turkmenistan to the White House in search of ways to diversify supplies to the United States of essential minerals needed for high-tech manufacturing.”*

Comment:

Following the summit, five Central Asian countries signed billion-dollar deals in favor of the United States. For example, Uzbekistan, which has an external debt of \$72 billion, has pledged to invest more than \$100 billion in the development of the US economy over the next few years. Uzbekistan ranks sixth in the world in terms of cotton production, but despite this, it has committed to purchasing 100,000 tons of cotton from the US.

The people of Uzbekistan live in poverty, with millions leaving for other countries to find work to feed themselves, but despite all these circumstances, the president is giving the country's wealth to the United States. In the list of developed countries, the United States ranks first, while Uzbekistan ranks 71st. Question: Why should Uzbekistan and other countries invest in the development of the US economy?

It is no secret that the well-being and so-called prosperity of Western capitalist countries is primarily due to the fact that they plunder the natural resources of the countries and colonies under their control. The rulers and agents of Muslim countries actively participate in this, constantly helping their colonizers to preserve this capitalist system.

A clear example of this is Trump's recent tour of the world, particularly Muslim countries. It is precisely the tyrannical rulers who have been trying in every way possible over the last few decades to preserve this rotten capitalist system, which is subject to constant contradictions.

This year alone, Trump has obliged Muslim rulers to pay trillions of dollars to support the US economy. Examples include: the United Arab Emirates (\$1.4 trillion), Qatar (\$1.2 trillion), Saudi Arabia (\$600 billion), Bahrain (\$17 billion), Kazakhstan (\$17 billion), Uzbekistan (\$100 billion), Malaysia (\$150 billion), etc.

Despite all these huge investments, none of these actions help this rotten capitalist system avoid constant crises. Here are a couple of global examples of economic crises in recent decades: the 1987 stock market crash ('Black Monday'), the Asian financial crisis (1997–1998), the dot-com crash (2000–2002), the global financial crisis (2007–2009), the European debt crisis (2010–2015), the Chinese stock

market crisis (2015), the COVID-19 pandemic crisis (2020), and the energy and inflation crisis (2021–2023).

Today, Muslim rulers openly show their allegiance to the disbelieving colonizers represented by the United States and others. These tyrannical rulers rely on the physical support of the colonizers. In turn, the disbelieving colonizers, represented by the United States and other Western countries, draw their strength from the natural resources of Muslim lands.

It is encouraging that this remarkable symbiosis is on the verge of collapse. Muslim rulers, hoping for the mercy of their master, are investing trillions of dollars in the US economy, which, despite all its resources, cannot prevent global economic turmoil.

Just recently, the United States started a war in Ukraine, and yesterday it launched a new trade war against China, which has already affected the economies of Europe and other countries around the world. Production in Europe has definitely weakened, and America's desire to force European countries to move their production to the United States will further weaken Europe, which will serve Islam and Muslims' interests in the future by the will of Allah (swt)!

This vicious system is now on the verge of collapse, and all that remains for Muslims to do is to hammer the final nail into the coffin of this vicious secular system of capitalism. And in this, only the correct system, based on divine revelation from the Creator Himself, the Lord of the worlds, can help us. Only Islam can properly resolve all of humanity's problems in life, whether they be economic, social, educational, or political.

Allah, the Almighty, said in His Noble Book:

﴿وَعَدَ اللَّهُ الَّذِينَ آمَنُوا مِنْكُمْ وَعَمِلُوا الصَّالِحَاتِ لَيَسْتَخْلِفَنَّهُمْ فِي الْأَرْضِ كَمَا اسْتَخْلَفَ الَّذِينَ مِنْ قَبْلِهِمْ وَلَيُمَكِّنَنَّ لَهُمْ دِينَهُمُ الَّذِي ارْتَضَى لَهُمْ وَلَيُبَدِّلَنَّهُمْ مِنْ بَعْدِ خَوْفِهِمْ أَمْنًا يَعْبُدُونَنِي لَا يُشْرِكُونَ بِي شَيْئًا وَمَنْ كَفَرَ بَعْدَ ذَلِكَ فَأُولَٰئِكَ هُمُ الْفَاسِقُونَ﴾

“Allah has promised those of you who believe and do good that He will certainly make them successors in the land, as He did with those before them; and will surely establish for them their faith which He has chosen for them; and will indeed change their fear into security—provided that they worship Me, associating nothing with Me. But whoever disbelieves after this promise, it is they who will be the rebellious” [24:55]
