

The Indifference of the Dis-Unity Government Trickled Down to Security Forces!

(Translated)

News:

At least 14 people were killed and another six wounded when a mortar fired by Afghan National Army (ANA) troops hit a mosque in the Syedabad district of central Wardak province on Friday, residents said. The dead included two children, Hajji Fazal Rabi told Pajhwok Afghan News. He said it was unclear as to why the troops fired the mortar, but said local residents had decided to take the dead bodies to the governor's house in protest.

Comment:

Afghanistan a land robbed of peace and bereaved of aspirations, seems to be sinking more and more into a pitiful chaos of grievances brought about by the US invasion in 2001 and now by its installed puppet regime in Kabul. A regime whose President recently spilled the beans and confessed; "the Afghan government is determined to 'make Afghanistan graveyard of terror' and that "We are the battlefield. We are fighting on behalf of our friends from India to Russia."

Indeed, colonialism is very much alive in 21st century, though it has slightly changed its exterior. Now, rather than occupying a land and running it directly, the neo-colonialists are micromanaging it through a puppet installed regime, Afghanistan being the classic example of it. The US appears to be sitting on the sidelines after signing the strategic and security pacts, but in reality it is the one calling all the shots, so for so that when US military killed over 15 Afghan military personal, the puppet regime in Afghanistan did not even dare condemn it. When it comes to US interests, he is making such confessional statement of "we are fighting on behalf of our friends from India to Russia". Why would the corrupt regime bite the hand that brought them to power and are feeding them?

The tragic and inhuman act of ANA is a testimony that the life of an innocent human being is reduced to almost nothing in Afghanistan. Such heart-breaking incidents, as a result of which over a dozen kids were killed and many other injured, will surely lead to further anger and bitterness among the common people against the Afghan security forces, which will further help stir tension between the people of Afghanistan and will help colonialists achieve its objectives of divide and rule. The government on the other hand is utterly incapable and indifferent of what is happening to the people on the ground, their lives, their health, and their financial condition is not a priority. All their policies and actions revolves around the fact to prove their loyalties to their western masters and to remain at the realm of affairs.

Lastly, the security forces must know that their sole purpose is to provide safety and security to its own people and not to oppress, torture or kill them. Indeed, we must not play in the hands of our enemies rather our responsibility at this crucial juncture is to join hands together to protect the sacred blood of our people and liberate our land from the invaders and of their corrupt system. We must also expose the malicious plans of the colonialist invaders and their puppet regime that are doing everything to keep Afghanistan in a chaotic situation to keep spilling the pure blood of the Muslims of Afghanistan.

Allah (swt) clearly said in the Holy Quran,

﴿وَمَنْ يَقْتُلْ مُؤْمِنًا مُتَعَمِّدًا فَجَزَاؤُهُ جَهَنَّمُ خَالِدًا فِيهَا وَغَضِبَ اللَّهُ عَلَيْهِ وَلَعَنَهُ وَأَعَدَّ لَهُ عَذَابًا عَظِيمًا﴾

"And whoever kills a believer intentionally, his punishment is Hell; he shall abide in it, and Allah will send His wrath on him and curse him and prepare for him a painful chastisement." [Surah an-Nisā' 4:93]
