

The Saudi Leadership organizes the mass murder of Yemen's children upon the orders of their US masters

News:

On the 14th of August 2018, CNN reported on the unspeakable bombing of a school bus full of Yemen boys ages 6-11 years old celebrating their graduation from summer school. The United States and other Western powers provide arms and intelligence to the fighting groups in Yemen and human rights groups have criticised them over coalition air strikes that have killed hundreds of civilians at hospitals, schools and markets. In the city of Dahyan, thousands of mourners gathered to bury the 40 children, some so mutilated that they could not be recognized.

Comment:

The Western backed war in Yemen has a systematic pattern where schools, marketplaces, hospitals and other civilian locations are deliberately targeted. Just a week ago, the Telegraph reported on the murder of 29 children 'returning from picnic'. In the age of the most accurate technology in assessing targets, the sickening excuses of innocent women babies and youth being caught up in "collateral damage" incidents can never be accepted as the truth. The willful mass murder of Yemens young is a strategic maneuver aimed in breaking the Muslim's will and eliminating the bright stars of the future of the Islamic Ummah that will have the power to overturn the death grip of colonialism that is the history of foreign intervention in the oil rich nations of the Middle East. The heartbreaking images moments before the deadly airstrike on the school bus show boys excited and playing with one child taking images on a mobile phone. In the next minute following the footage most of the children were dead. The school teacher explained that the children were for many weeks preparing for their graduation day celebration trip, in a time where there are few things for children to look forward to as death and destruction dominate the daily struggle of the young in Yemen. The UN report that Yemen is currently the worst and most dangerous place on earth to be a child with soaring infant mortality rates, cholera and other disease epidemics and starvation all being a factor to limit the growth and development of the most needy. How can this be the case in a nation where immense wealth is present and surrounding armies of Muslims exist? The answer is that all of these resources to rescue Muslims from oppression are **actually being used to execute oppression** as they are not controlled by those that serve the Islamic agenda. All Yemen's leadership and the entire global mafia of Muslim leaders have sold the youth of Yemen to the highest foreign bidder in a disgusting game of power and wealth. All of the leaders of the Muslim world have the blood of babies on their hands as they cowardly bow to the commands of foreign governments and stock pile weapons and train armies only to be used to kill Muslims, never to assist them. It is

impossible for this gross opposite of true Islamic leadership to exist in the presence of a sincere Khalif implementing the comprehensive system of the Khilafah. In the history of Islam, Western powers feared to engage in any offensive in our Muslim lands due to the reality that there was a clear entity present that would have zero tolerance for any violation of human rights and safeguard the blood, honor and dignity of all Muslims with swift and unapologetic action. Now our whimpering leaders only know how to bow in sujjud to non-Islamic politics whilst betraying Muslims with fake proposals of progress while they line their pockets with the wealth of the people. How many more of our dear beloved sons and daughters will we have to bury while these illegitimate leaders dance on their graves? The world leaders internationally should understand that there are still a hard working party of believers present committed to the return of justice and truth under the correct leadership of the Khilafah. We pray for the families burying their children and ask them to take consolation in that their babies are now the most beautiful creations alive in Jannat free from the harm of a life without Allah (swt) laws. Verily Allah's (swt) promise of victory is true and your great loss is not forgotten by your Lord who says in the Holy Quran Surah Baqarah verse 155-157;

﴿وَلَنَبْلُوَنَّكُمْ بِشَيْءٍ مِّنَ الْخَوْفِ وَالْجُوعِ وَنَقْصٍ مِّنَ الْأَمْوَالِ وَالْأَنْفُسِ وَالثَّمَرَاتِ يَٰصَبِرِينَ * الَّذِينَ إِذَا أَصَابَتْهُمُ مُّصِيبَةٌ قَالُوا إِنَّا لِلَّهِ وَإِنَّا إِلَيْهِ رَاجِعُونَ * أُولَٰئِكَ عَلَيْهِمْ صَلَوَاتٌ مِّن رَّبِّهِمْ وَرَحْمَةٌ وَأُولَٰئِكَ هُمُ الْمُهْتَدُونَ﴾

“And certainly, We shall test you with something of fear, hunger, loss of wealth, lives and fruits, but give glad tidings to As- Saabiroon (the patient). Who, when afflicted with calamity, say: ‘Truly, to Allaah we belong and truly, to Him we shall return.’ They are those on whom are the Salawaat (i.e. who are blessed and will be forgiven) from their Lord, and (they are those who) receive His Mercy, and it is they who are the guided ones” [al-Baqarah 2:155-157]
