

Visionless Rulers Fail to Recognize the Enemy and are Seduced by them

News:

India is hosting 25 Bangladeshi Army officers and their spouses in a unique week-long visit on specially designated flight for the first time ever. Indian High Commissioner in Bangladesh said that the visit is aimed at 'enhancing people to people contact in the background of our common cultural heritage'. ([The Economic Times](#), 27 Nov 2018)

Comment:

This was important news but did not get much coverage in the media in the midst of national election episodes. This is just another example of how imperialists and their allies are expanding their hands of dominance. They apply all possible means to exploit our forces for their benefit and to neutralise any sort of threat to their hegemony. India being a strategic partner in this region has now assumed the same role. In the name of making cultural bonds, this is actually an "agent hunting scheme" and it is not a secret matter anymore as far as diplomatic and military relations between Muslim nations and Kuffar/Mushrik states are concerned. They know, probably, better than many Muslims that a rightly guided Khilafah (Caliphate) state can change the world order and put to an end to their hegemony. And they sense the demand for rightly guided Khilafah is rapidly rising amongst the Muslims in Bangladesh against the backdrop of failure of capitalist-democratic system. Hence, they cannot rely solely on their so-called civil agents i.e. the democratic politicians who have a real chance of losing control and giving way to the public demand at times. Therefore, to make sure their all-out dominance over our country, they set out long-term program for our military forces as a backup plan.

India started implementing this right after the current regime came to power in 2009 with Philkhana Killing, when 67 military officers were killed, where the objective was to break the backbone of Bangladeshi military. Thereafter, various schemes to neutralize anti-Indian sentiment were undertaken by India and implemented by our rulers, and the luxurious family tour for our Army officers is part of that project. It is unfortunate that our leaders fail to recognise our enemy who is killing innocent people of Bangladesh regularly in the border, spreading the filthy culture in our society through satellite channels, exploiting our economic sectors. It is even worse that these so-called democratic leaders knowingly cooperate with these imperialists just to gain support for getting into power.

People of Bangladesh want to see our brave soldiers putting their best to liberate us from the shackles of imperialists and not touring the enemy state for recreation. The democratic regime has no vision for this country and fall for the plans that Mushrik Indian plots against us. We must throw away this corrupt system and re-establish the rightly guided Khilafah (Caliphate) that will have a defined mission and will never allow our enemies to dominate over us.

Allah (swt) says:

﴿هُوَ الَّذِي أَرْسَلَ رَسُولَهُ بِالْهُدَىٰ وَدِينِ الْحَقِّ لِيُظْهِرَهُ عَلَى الدِّينِ كُلِّهِ وَلَوْ كَرِهَ الْمُشْرِكُونَ﴾

"He is the One Who has sent His Messenger with 'true' guidance and the correct way of life, making it prevail over all others, even to the dismay of the polytheist."
[Surah As-Saff: 9]
