Comment:

This is not the first time when India escalates tension, India didn't spare any chance to stab us and since last 8-10 years as Pakistan ditch Muslims of Afghanistan to facilitate US to sustain its footprints in Afghanistan that eventually pave a way for India to gain footholds at our western boarder and from their Idolaters made numerous terrorist attempts including the eye-watering APS attack. Now on our eastern front again for the sake of US the Current Bajwa-Imran regime is desperately ready to bow down to Indian aggression and preparing the ground for ditching the Muslims of Kashmir as well.

By doing so Imran is helping Modi and US efforts to curb the sacred struggle of freedom from oppressor Idolaters. Despite Modi's aggression and fragile domestic situation Imran Khan is making a fertile ground for Modi by offering peace talks that will help Indian Armed Forces and Modi to step up their inhuman terrorist activities against Muslims living in Kashmir. Recent strikes from Pakistan Armed Forces stamped there superiority over Indian Military. On the other hand uttering sacred Kashmiri struggle "Terrorism" is a part of US plan that includes subjugation of all the possible challengers to India that will focus her to confront china and as well as the rise of political Islam from this region.

The history of Pakistan confirms that whether it was democracy or dictatorship, every ruler used the issue of Kashmir for the benefit of US and Bajwa-Imran regime is no exception and their requests to international community to play its role and demands of implementing UN resolutions or third party mediation will never end the oppression of the Muslims of Kashmir nor can they liberate Kashmir from Indian occupation. The issue of Kashmir will only be resolved when a truly strong and brave man, a Khaleefah Rashid, ruling by Islam, will declare Jihad to attain the glad tidings of the Messenger of Allah (saw) about the conquest of Hind and mobilize the mighty army of the Khilafah (Caliphate) on the method of Prophethood. If India can neither eliminate handful young indigenous young untrained mujahideens nor extinguish the desire of liberation from the Muslims of Kashmir, then how will the Hindu State be able to face the mighty army of the Khilafah.
