

International Khilafah Symposium to be held in Istanbul

Hizb ut Tahrir in Wilayah Turkey will hold an international symposium in Istanbul, titled "What Kind of Khilafah?" on the date of the Khilafah's abolishment, the 3rd of March.

92 years after its abolishment, Muslims demand the re-establishment of the Khilafah upon the methodology of the Prophethood and demand the work for it. The West, however, seeks to blacken and discredit the Khilafah and to devalue it by eviscerating it.

This International Khilafah Symposium, to be hosted in Istanbul, the last seat of the Khilafah, is of special importance during this period.

During this Symposium, with participants from Turkey and many other countries, several issues regarding the Khilafah will be discussed.

Is a State Necessary in order to Live Islamically?

The Khilafah - A Historical Institution or a Shari' Hukm?

What is the Legitimate Ruling System according to Islam?

What kind of Khilafah does the Ummah want?

Is the Re-Establishment of the Khilafah Possible?

All Muslims are invited to this International Khilafah Symposium where the Khilafah will be discussed with all its aspects.
