

Seventy Dry Years Since the Nakba of Palestine!

(Translated)

Seventy dry years passed since the Nakba of Palestine, and the wound continues to bleed pain, pain from the loss and occupation of a land from the lands of the Muslims, and the pain of conspiracy against what is left of Palestine, and pain for the tragedies of those who are now called refugees, generation after generation, and pain of the situation of Muslims who did not free the land, or repelled an enemy, and did not take care of their brethren who fled to them from the oppression of the Jews and their supporters from the colonial kafir Western countries who fail covenants and ignore the ties with them!

Seventy dry years, and then the traitor Ruwaibidha (ignorant) rulers of today came to complete what their predecessor rulers of the Muslims did seventy years ago in such days when they handed Palestine to the Jews in comedy battles, led by an English officer called Glubb Pasha!! These traitor Ruwaibidha are racing today to instil this entity, protect it and guard its borders, which is the price of their survival on their crooked (power) chairs, but rather they compete in the wasting of billions of Muslim funds, as taxes to Trump, and proceed with him in handing over the rest of Palestine to the Jews, and in giving air time in their poisoned media to writers and media personnel who are waiting for the day of normalization of relations with the Jews!

Seventy dry years, then comes the international organizations, headed by the United Nations Relief and Works Agency for Palestine Refugees (UNRWA), raising their voices that they are financially incapable, thus threatening the lives of the refugees and decreasing the necessary humanitarian services for them. The refugees therefore are forced to either migrate, and scatter in the corners of the earth or drown in death boats. Seventy dry years, and the question of Palestine is being tossed under the titles of freedom fighting (fida'), patriotism and nationalism, resulting in peaceful compromises, least described as a betrayal to Allah and His Messenger and the believers, while the path deviates towards more stealing of the land, elimination and reduction of the significance of the issue, accompanied by the suffering of killing and siege and hunger and displacement!

Seventy dry years, and then it becomes the duty of the people of Palestine to fight with bare chests, equipped only with belief in Allah and their living flesh. While the armies, backed by countries, guard the borders of the Jews, and do not shoot a single bullet even from those who claimed resistance (against the Jewish entity) and support of the cause, from the time of the father to the son! Then the road to Palestine passes through the bodies of Syria's heroes and the camps of "refugees" there, killed by the hands of those who claimed for years their resistance and opposition (to the Jewish entity), so we hear only rhetoric about Palestine and we see nothing on the ground!

Seventy dry years, and we continue to see that the compass has diverted either towards peaceful solutions, or to the solutions of patchwork on the pretext of temporary reconciliation and acceptance of the resolutions by those who handed Palestine to the Jews, and the outcome is the installation of this monster entity in different languages!

Seventy dry years, and they seek to plant in the minds and hearts of the Muslims that Jerusalem is divided into east and west. Trump says in the context of his deal of the century: "Jerusalem (as one and not divided)," and we hear those ruwaibidha dividing it and say to us: "They take West Jerusalem and we take the East", as if it is their land to divide and share!

After these seventy dry years, we address the people of Palestine in the camps of Lebanon in particular and Muslims in general and warn and remind them from the leader that does not lie to the people:

Know that in origin, since seventy years ago, and this is how it should be now, that the borders are open in Lebanon, Egypt, Jordan, Syria, Gaza and the West Bank to the fighters, and the armies of what is known as the surrounding countries to Palestine should move to liberate Palestine and military coups must take place by loyal officers to their Deen and Ummah against the failure of their leadership, and the international resolutions that recognized the partition of Palestine as the 67 (borders) for the Palestinian state and 48 (borders) as a Jewish entity must be rejected. But it is impossible that these rulers and those who follow them will do this.

Therefore it is your duty:

To correct your path and compass after you were fooled in all these years by the near and far, and you should know that the people of Palestine, whether they are trapped inside or the refugees abroad, cannot defeat the occupation alone, who is backed by all the countries of the world, including the rulers of Arabs and Muslims, without exception, who have become the first line of defence for the Jewish entity.

And realise this, after many years, sacrifices and the pure blood that was shed in many stages for the liberation of Palestine, and wake up from your slumber and shake off your rulers, and know that the liberation of Palestine will not take place until the establishment of the state of Haq (truth) and justice, a Khilafah led by a just Imam, who will govern you by Allah's Law, will unite the Muslims, and declares the call for Jihad for the liberation of Palestine; then the whole Ummah answers by marching towards Al Aqsa to uproot the Jewish entity from its roots and cut off the hands of the countries that targeted the best nation brought out to mankind.

In the pain of the seventy dry years lies great hope, Allah willing, and the evidence is that after seventy years, the issue of Palestine and its occupied Aqsa is not removed from the hearts of the Muslims. This is a living Ummah, so its wound remains alive no matter how long it lasts since the dead's wound does not bleed.

We in Hizb ut Tahrir today, after these seventy dry years, we say what we said to you in the beginning when we first met that Palestine needs the Muslim armies to liberate it, and that the correct compass for liberating it is by the establishment of the noble Khilafah (caliphate) on the method of Prophethood that drives the armies and the Ummah's energies to uproot the Jewish entity, and uprooting all foreign bodies in the body of this Ummah from the West and the kafir colonialists and its followers.

So join our efforts towards the goal and the vital issue of "establishing the Khilafah Rashida (righteous caliphate)", and proceed with us, so that its liberation is sooner, Allah willing, and reject any other solution so that you deserve the promise of Allah (swt): ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا إِن تَنصُرُوا اللَّهَ يَنصُرْكُمْ وَيُثَبِّتْ أَقْدَامَكُمْ﴾ **“O you who have believed, if you support Allah, He will support you and plant firmly your feet”** [Muhammad: 7]. And you will be the ones described in the Hadith of the Prophet (saw) as the ones who fight and kill the Jews: « يَا مُسْلِمُ يَا عَبْدَ اللَّهِ... » **“O Muslim...O Abdullah...”**
