The Nation state: the Legacy of the Colonial Kaffir, a War Against Islam and a Division of the Ummah

And the Khilafah state: the Inheritance of Prophethood that Unites the Muslims

(Translated)

For sixty-two years, we repeatedly celebrate the annual celebration of the so-called Independence Day as an occasion of joy!! As our celebration is for the foundation of a nation state, we had to stop at the reality of this nation state: who created it, and for what purpose?

The Messenger of Allah (saw) migrated from Mecca to Madinah and established the first state on the basis of Revelation, the great ideology of Islam. It was the first Islamic society; Islam was implemented and propagated to the world. And so, the material conflict between Truth and Falsehood began until the Western Kaffir enemy was able after thirteen centuries to destroy the Khilafah, the state that unites all Muslims, and established instead, on its ruins, feeble nation states, based on the Sykes-Picot Agreement of May 9, 1916 (Sykes-Picot: the two foreign ministers of Britain and France) and other treaties that formed the map for the division of Muslim lands and which later led the Kaffir West to directly occupy these lands militarily, and formed a base for the manufacture of agents, and created on the divided structure of the state the so-called the nation countries!!

Therefore, the truth that must be realized is that the Khilafah state (Caliphate) that unites Muslims is the inheritance of the Prophethood, while the nation state, which is separate from the rest of the Muslim countries, is the inheritance of the Kaffir colonialist enemy of Muslims.

The reality of the function of the nation state, established by the Kaffir enemy in the Muslim countries, is:

First, to preserve the division of the Muslim lands by guarding the borders set by the colonial kuffar. So, we have cut the bonds of the Islamic brotherhood, we have believed the lies of the enemy that we are different people, we returned to the days of ignorance, and we returned after the Messenger of Allah (saw) not supporting each other. Instead, we fight each other on the basis of the borders imposed by the colonizer, that is, we became guards of the division of the Ummah!! And in order to instill this division, every state has a national day, and a flag, symbolizing this false reality!!

Second, the nation state does not give weight to the Shariah laws in its legislations and systems; it distances Islam, the complete Deen, from the systems of life and legislation, and it regulates the affairs of the people by the laws of Taghut (falsehood); by the rulings legislated by the majority at different levels of government; and there is no regard for the revelation, nor the strength of the evidence. This resulted in a miserable life, Allah (swt) says: ﴿وَمَنْ أَعْرَضَ عَن ذِكْرِي فَإِنَّ لَهُ مَعِيشَةً ضَنْكًا وَنَحْشُرُهُ

﴿يَوْمَ الْقِيَامَةِ أَعْمَى﴾ **“And whoever turns away from My remembrance - indeed, he will have a depressed life, and We will gather him on the Day of Resurrection blind.”**
[Ta-Ha: 124]

Third, the nation state fights the return of Islam under the banner of the "war on terrorism"; that is, the war on Islam as a system for life. Terrorism, according to the centers of Western studies (including the Rand Corporation), is to demand the implementation of Shariah because they define the terrorist as a Muslim who demands the implementation of Islamic law.

Fourth, the nation state is a minor state which is not fully qualified, and therefore, it is under the permanent guardianship of the enemy, the Kaffir West. Therefore, these national federations continue to refer all their problems to the Kaffir West who runs them to achieve its interest, amends its laws, and interferes in all its details. The US Deputy Secretary of State, who visited Khartoum on 16/11/2017, and the US Embassy, in a statement on 17/12/2017, and the delegation of the European Parliament, who left the country on 20/12/2017, all of these are ordering the amendment of the laws to agree with the kaffir international law. And the IMF mission, that visited Sudan during this month, demanded that the government fully complies with the recommendations of the fund which inflicts on the people high cost of living resources and hardship!

Fifth: The nation state is a small torn peace from the Muslim countries; it is unable to protect itself or its soil, or to take care of the interests of its people. This is why the secession of the South took place, and there are schemes for more division to follow, and it is the reason for the surrendering in the issue of An-Nahdha Dam, which endangers the vital interests of the people of Egypt and Sudan.

O Muslims: This is the reality of the nation state in which we have only tasted the taste of humiliation, failure, defeat, miserable living, and backwardness among nations. The solution of the Ummah now is the solution that gave rise to it by returning to the inheritance of Prophethood, the great revelation, and by the establishment of its state, the state of Islam, the righteous Khilafah state (Caliphate) on the method of Prophethood, which raises the banner of the Messenger of Allah (saw), Al-U'qab, unites the Muslims, implements Islamic Shariah, defeats the Kuffar, and propagates the guidance to humankind,

﴿إِنَّ فِي هَذَا لَبَلَاغًا لِّقَوْمٍ عَابِدِينَ﴾

“Indeed, in this [Qur'an] is notification for a worshipping people” [Al-Anbiya: 106]
