There is No Difference Between Facebook's Biased Policies and the Criminal Bombs of the Jewish Entity Both are Complicit in Killing the People of Gaza

(Translated)

The Facebook administration closed a number of Hizb ut Tahrir Facebook pages in an obvious campaign that came in response to Hizb ut Tahrir's call to the Muslim armies that they must move in support (nusrah) of Gaza and the blessed land of Palestine.

This is not the first time that online media networks, most of which are owned by American companies, have closed the pages of Hizb ut Tahrir; for the call to establish the Khilafah (Caliphate) is deeply troubling America and the entire West.

But this time, it coincided with the criminality of the Jews in their brutal bombing of the people of Gaza, and since Hizb ut Tahrir's call to mobilize the armies had a great impact, people responded to this address and began repeating it in public... This terrified the West with all its tools, including the Facebook administration, which is inclined towards the Jewish entity.

It has become clear to everyone that the Jewish entity is guarded by the West through its agent rulers of the Muslims, who in turn imprison the people of Palestine by protecting the borders with the Jewish entity.

It has also become clear to everyone that the liberation of Palestine can only be achieved by mobilizing Muslim armies and headed by sincere leaders.

Thus, Facebook and its partners are attempting to silence the voice of Hizb ut Tahrir and every sincere person who directs the compass of liberation in the right direction... These attempts are just as harmful as the Jewish bombs that they drop on the heads of the people of Gaza, because they are intentional actions to prevent the people of Gaza from getting help.

To these people we say that the word of truth is supported by Allah (swt), and that those before them who were more powerful than them tried to dim the voice of Hizb ut Tahrir, but they are gone and the party's call continued to spread the truth throughout the globe.

﴿يُرِيدُونَ أَن يُطْفِئُوا نُورَ اللَّهِ بِأَفْوَاهِهِمْ وَيَأْبَى اللَّهُ إِلَّا أَن يَتِمَّ نُورُهُ وَلَوْ كَرِهَ الْكَافِرُونَ﴾

"They want to extinguish the light of Allah with their mouths, but Allah refuses except to perfect His light, although the disbelievers dislike it." [At-Tawba: 32].
