## Arab Ministerial Meeting Decisions are Hollow and will not Go Beyond the Papers they are Written on

(Translated)

The Arab Ministerial Six Party Meeting in Cairo on Saturday, 1<sup>st</sup> February 2025, regarding Gaza and the Palestinian cause which included Jordan, the UAE, Saudi Arabia, Qatar, and Egypt, in addition to the Secretary of the Executive Committee of the Palestine Liberation Organization and the Secretary-General of the Arab League—affirmed in their statement what they called "their full support for the steadfastness of the Palestinian people on their land and their adherence to their legitimate rights in accordance with international law." They also expressed their rejection of "any infringement on those inalienable rights, whether through settlement activities, eviction and home demolitions, land annexation, or by clearing the land of its owners through displacement, encouraging the transfer or uprooting of Palestinians from their land in any form, under any circumstances or justifications."

Anyone who examines the decisions of this meeting can clearly see that they are hollow and merely ink on paper, lacking any action plan or executive program. The attendees affirmed their full support for the people of Palestine and their rights, but they made the reference for these rights international law that everyone knows is dominated by America and colonial powers which enabled the Jews to usurp Palestine and establish control over it. Moreover, they did not indicate how they intend to implement their full support for Palestine and its people, confirming that their statements amount to nothing more than expressions of condemnation, denunciation, and disapproval.

Palestine is facing a brutal occupation and a savage war, and the way to support and defend it is by mobilizing armies, uprooting the occupation, and liberating it. Confronting Trump's malicious schemes, which threaten the region with devastation if it does not conform to his plans and programs, cannot be achieved through mere statements of condemnation, denunciation, and reaffirmation, nor through hollow ministerial declarations.

As usual, the attendees did not forget to reaffirm their approval and support for the project of surrender and concessions, known as the two-state solution, proposing the establishment of a Palestinian state within the borders of June 4, 1967. This makes it clear to everyone that their highest aspiration is to beg for surrender solutions from criminal crusader America.

These rulers will continue to submit to the desires of the colonizers, and no rational person can rely on them or their feeble positions. Ever since the colonizers installed them over us, they have been characterized by humiliation and subservience at the expense of the interests and causes of the Ummah. Therefore, all sincere individuals in the Ummah, especially within its armies, must work with us to restore the Ummah's authority and establish its Khilafah (Caliphate), which will liberate Palestine and confront all colonial powers. Only then will we return to being a dignified and honorable Ummah, no longer ruled by insignificant and unworthy leaders.

Allah Almighty says: ﴿إِنَّ الْأَرْضَ لِلَّهِ يُورِثُهَا مَنْ يَشَاءُ مِنْ عِبَادِهِ وَالْعَاقِبَةُ لِلْمُتَّقِينَ﴾ "Indeed, the earth belongs to Allah. He causes to inherit it whom He wills of His servants. And the [best] outcome is for the righteous." [Al-A'raf:128].
