## America Launches Brutal Strikes on Yemen While Our Armies Stand Idle, Failing to Support Yemen and Gaza!

(Translated)

For days now, America has been launching brutal attacks on our people in Yemen, using what U.S. President Trump described as "overwhelming lethal force." He had threatened them earlier, posted, "HELL WILL RAIN DOWN UPON YOU LIKE NOTHING YOU HAVE EVER SEEN BEFORE!!"

This is how America acts with arrogance and conceit against Muslims and their lands, threatening them with hellfire and devastating war with utter disregard for the Muslim rulers, their armies, and their capabilities. They bomb our lands, kill our people, and violate our sanctities with ease, without considering our response or caring about our reaction!

As for the leaders of Iran, who have long boasted of supporting resistance and declared America as the "Great Satan," they now disown their Houthi allies as if they had never existed, leaving them an easy prey for the Jews and America!

Meanwhile, America seeks to impose a formula of betrayal and inaction, even on the so-called "resistance" advocates. After forcing the Hezb of Iran in Lebanon to abandon its confrontations with the Jews and compelling Iran to withdraw its support for Gaza and the resistance factions - despite years of claiming support for them - it now aims to force the Houthis to abandon their confrontations with the Jews and their threats to economic interests in the Red Sea, leaving Gaza isolated to face the brutality of the Jews and Trump alone.

The reality America seeks to establish under Trump's new leadership is simple: submission or death. If Muslims and their armies do not wake up from their prolonged slumber, a bleak fate awaits them. Trump will shift to their countries one by one, as long as no one rises to stop him and forces him to retreat - something he openly declares without any pretense.

Therefore, the sincere among the Muslim armies must swiftly rise to support Islam and the Muslims, to confront the Jews, America, and all forces of kufr (disbelief) before they destroy our lands, leaving us to lament when there is no escape!
