O Muslim Ummah and Its Armies:

If You Are Not Angered for Allah and His Sacred Matters, Then What Will You Be Angry and Take Action For?!

(Translated)

On Wednesday, 27/5/2026, media outlets and social media platforms broadcasted footage showing the Jewish entity's forces brutally assaulting a young Palestinian woman at Bab Hutta, one of the gates of the blessed Al-Aqsa Mosque, forcibly snatching her headscarf before arresting her. This incident comes amidst an escalation of violations and increased security measures by the occupation forces at the entrances to the Old City of Al-Quds and the gates of Al-Aqsa Mosque, coinciding with Eid al-Adha. They erected checkpoints and scrutinized the IDs of passersby, preventing large numbers from entering the mosque.

The heart aches with pain and the eye weeps blood instead of tears for such a heinous crime and brutal attack on a free woman from the free women of Al-Quds. What increases the burning pain is that her headscarf was removed and her modesty was exposed a few meters away from the Masra, site of our Prophet's Night Journey (saw), at the hands of those upon whom Allah's wrath has fallen and for whom He has decreed humiliation and wretchedness. What is even more grievous is that this is not the first time that the free women of the Blessed Land have been attacked at the gates of Al-Aqsa Mosque, in its courtyards, and in the Old City of Al-Quds. This criminal entity has gone too far and escalated its crimes and violations against the people of the Blessed Land in general and its free women in particular after the Al-Aqsa Flood operation. It has also given full protection and cover to its settler mobs to commit these crimes.

"For such a thing, the heart melts with grief ... if there is any Islam or faith left in the heart"

O Muslims: This painful incident occurred on a blessed day of a sacred month, a day when pilgrims perform their rituals, a day that Allah has made a day of joy and happiness for Muslims. But the people of the blessed land, and its free women, know no joy or happiness on this day. Their blood is spilled in the West Bank, Gaza, and Al-Quds; their homes are demolished; their lands are confiscated; and their trees are uprooted for settlements to be built in their place. Their prisoners, those who enter the prison, are lost, and those who leave are the newly born, undergo torture, crime, violation of honour, deprivation of food and medical treatment. Oppression and

strangulation are imposed upon them to force them from their homes. The Masra which Allah has linked to the Sacred Mosque where pilgrims perform their rituals these days, is being Judaized, and efforts are underway to impose temporal and spatial division within it. Indeed, plans to demolish it and build the alleged temple on its ruins are being openly declared, and herds of settlers desecrate it morning and evening, performing their prayers and Talmudic rituals in its courtyards and raising their flags there.

How can you enjoy life while the people of this Blessed Land are suffering?! How can you enjoy life while the free women are humiliated, assaulted, and stripped of their modesty, crying out for help with no one to answer their cries?! What is wrong with you?! Have you become fond and comfortable of this worldly life?!

O people of power and protection, O armies of the Muslims: The situation has reached a critical point, and this pariah entity has exceeded in its crimes. None of you can offer an excuse, neither before Allah nor before His servants. After all this brutality and savagery, from which neither humankind, nor trees, nor stones have been spared, do you still remain submissive?! If you do not rise up in anger for Allah and for what is sacred, then for what will you rise up in anger and act?! Is there not among you one who will defend Islam and the Muslims, and be like the Aws and Khazraj who supported the Messenger of Allah (saw) and pledged the war pledge of allegiance to him in times like these?! O Lord, grant us supporters like the supporters of the Messenger of Allah (saw), through whom the Deen will be strengthened, the cries of those seeking help will be answered, and through whom the glad-tidings of your Prophet (saw), will be fulfilled by the establishment of the second Khilafah Rashidah (rightly guided Caliphate) on the method of the Prophethood.
