**To the Muslims and their Armies:
Remove America's Hand from Your Lands!**

(Translated)

The observer of the course of events in the world sees that the news of America's growing interference in the lands of the Muslims dominates the reports of channels and news websites, whether its military or political interference, beginning with Iran, and the mediation of Qatar and Pakistan, to the Lebanese negotiations, to its interventions in Syria and its covering of the attacks of the Jewish entity against it, to Yemen and the role of the rulers of Al Saud therein, to Sudan and the fighting of its two agents there, to Egypt and its role in Gaza, to its military bases in Jordan, Saudi Arabia, Qatar, Bahrain, Kuwait, the UAE, Iraq, Syria and Türkiye, to the movements of its envoys here and there, in addition to the statements of its ambassador to the Jewish entity as though he speaks with the tongue of the Jews, and other matters whose enumeration in this context would be difficult.

What is the matter with you, O Muslims?! The allegiance of your rulers to America and the Western states has been exposed, and it has become clear to you who the real actor in your lands is, and it has become evident to you who is plundering your wealth, and hardly anything remains that needs to be exposed.

And O armies in the lands of the Muslims: Will you remain silent about the treacheries of Your rulers, the Ruwaibidhat (the lowly and incompetent), while you see them hastening to serve America and carry out its orders, and persisting in enabling it over your lands and your wealth, while your people live in extreme poverty?! Moreover, your rulers are not ashamed of their actions and crimes; rather, they openly proclaim them. Until when will you remain silent, doing nothing and not denouncing any wrongdoing?!

Indeed, the correct practical basis in thinking is that awareness of reality produces thought, and thought produces action for the sake of an objective. Awareness of the reality of the Ruwaibidhat, and the reality of America's exposed domination over the lands of the Muslims, necessitates correct thinking that produces real change, which pleases Allah Almighty and achieves the interests of the Ummah by returning governance to it, so that it governs itself by the Book of Allah Almighty and the Sunnah of His Messenger (saw), completes its mission of carrying Islam to all people, and recovers its plundered wealth so that it may benefit from it, rather than the harmful rulers and their masters.

O Muslims: There is no salvation for you from this tragic reality, which pleases neither a friend nor hurts an enemy, except by establishing the Khilafah (Caliphate) upon the method of the Prophethood, which Allah Almighty promised to His believing servants who work for it, and which the Messenger of Allah (saw) gave its glad tidings. It is the state that Hizb ut Tahrir, the pioneer who does not lie to it people, works to establish. So hasten to work with it to establish it, for in that is the glory of this world and the Hereafter, and the pleasure from Allah is much greater.
