## **O Muslims! Do Not Disdain Your Own Deeds by Looking at the Actions of Folks! Because You Are The “Witnesses” Over Humanity!**

The “Gaza-bound” aid ship Madleen and the actions of its famous non-Muslim activists have had an overwhelming repercussion on mainstream media and social media. Many countries, including Turkiye, provided “advisory support” to their own nationals on the ship, which was seized by the zionist occupying terrorist entity.

As we have witnessed many times before, these types of actions performed by non-Muslim initiatives receive much praise in media and social media. Some short-sighted individuals, especially Islam-hostile fractions, use these actions as an opportunity to demean the struggles of millions of Muslims, and to disregard their Iman and sentiments! They ignore the reactions, the sincere actions and efforts asserted by the Muslims against the invasions and oppressions in Palestine, East Turkestan, Syria, Egypt and countless other places for decades. They despise the Muslims’ sentiments, the sacrifices they make from their wealth and even lives for the sake of Allah. As if not enough, they sometimes declare the Muslims’ initiatives an offence and crime, and even worse, as non-Islamic!

O Believers! You must not look down nor exaggerate initiatives like the Madleen ship and the current “Global March to Gaza”, or the conscience-driven voices of empathy uttered by famous non-Muslim activists, politicians and state leaders; for even their conscientious efforts emerged without doubt as the will (taqdir) of Allah (swt)! In fact, this is nothing else but a sign that Allah’s help is eminent on the path towards the great and fundamental change. They, however, will continue only as far as their conscience, their valour or their ego (nafs) is able to carry them.

O Believers! Whatever you did for and in Gaza, Palestine, Sudan, East Turkestan and across the world, each of your actions, each of the words that you uttered against oppression, all your boycotts, each of your marches, your resistances, your supplications (duas)... You owe all of that to the faith you have in Allah, the Prophet (saw) and the Qur’an. Just know that any good deed that is done without faith has no value in the eyes of Allah and is fruitless in this world.

O Muslims! Your response to oppression is not a result of your uncomfortable emotions, but because Allah has declared it an oppression. And that is the feature that makes you witnesses and leaders over mankind! As a matter of fact, it was you, who exposed the oppression in Gaza to the world, and who moved the minds and hearts of the folks! You moved their hearts and minds, so that they set off to the roads. Now it is time that you direct them from small achievements to a great goal... If

you guide those people of consciousness to the correct solution for Gaza and Palestine, their walk will reach its final solution. But if you too chase after small achievements, then you will only waste all your struggle for liberation and resistance.

Therefore, now more than ever, hold on tightly to the Rope of Allah, and work to lead Gaza, Palestine, the entire Muslim world, and the entire mankind to the real, great and permanent solution! Take up the scalpel that is needed to cut off the lifeblood of the Zionist entity - the roots that nurture it by sucking off the Ummah's blood. Cut off the treacherous, collaborationist rulers who nurture the roots of the Zionist. The moment those roots are cut off, the Muslim armies will need only a few hours to eradicate the Zionist entity from the Blessed Land. The moment it is eradicated, all its branches that reach out across the world will dry out too. Then, the whole planet earth, all the humans, all the living creatures, the trees, the waters, the air, and even the rocks will regain life.

So, hurry to fulfil your true duty! Work upon the Method of Prophethood to re-establish the order and promise of Allah, the Glad Tidings of Rasulallah (saw): the Second Khilafah Rashidah. Call the armies persistently to give their desperately needed Nusrah (material support)! So, hurry to the great duty of becoming the witnesses and leaders of mankind - the pinnacle nation (Ummatan Wasatan). Hizb ut Tahrir is right here to lead you to this success. It presents you with all the plans, and the Manhaj, and is calling you to join the path to victory. Do not listen to delusions (waswasa) but listen to the Truth (Haqq)! Do not occupy yourself with minor works, but hasten to the great objective!
