## **Bullets Claim Lives ... And the Governments Dance over the Wounds!**

(Translated)

According to news agencies, 8-month-old Laila Al-Ghandour died on Tuesday morning in eastern Gaza after inhaling gas. This raises the number of martyrs of the "Great March of Return" to 61, including 7 children and 2,800 injured, most of them with live bullets and the rest with shrapnel and toxic tear gas during the suppression by the forces of the Jewish entity of the rallies that began in different areas east of the Gaza Strip on the commemoration of the 70th anniversary of the Nakba, and which denounced and rejected the transfer of the US Embassy to Al-Quds (Jerusalem).

These marches were launched in the Gaza Strip on 30/3/2018 coinciding with the anniversary of Land Day, amid efforts to dissolve the issue of the Blessed Land (Palestine) and the consolidation of the existence of a Jewish entity and normalization of relations with it where the matter reached the point that this entity celebrates the anniversary of its establishment in Arab capitals. Delegations from the UAE and Bahrain took part in a marathon to celebrate the same occasion, ignoring and denouncing Palestine and its tragedies and occupation, and in a flawed and humiliating implementation of the Deal of the Century terms, and the hastiness of Trump to implement it, in order to realize the project of the Jewish entity represented by Netanyahu.

This is done with the participation and blessing of the Authority of Abbas, which instills the siege on Gaza, and negotiates with the Jews and the West, and even gives up what is not its right ... Abbas as is his usual reaction to the massacres of the Jews against the people of Gaza and Palestine, requested an emergency session of the Security Council to discuss what is happening in the Blessed Land (Palestine), and to form a neutral and independent commission to investigate human rights violations committed by the Jewish forces against the Muslim people in the Blessed Land (Palestine).

He also decided to "declare the comprehensive strike and the flags (of division) to be flown at half-mast in mourning of the martyrs, whose souls were elevated during the marches of return in defense of their (legitimate rights to establish their independent Palestinian state with East Jerusalem as its capital and to defend their Islamic and Christian sanctities and reject the Trump Declaration and the opening of the American embassy in Jerusalem, and their right to return to their homes and land that they were forced to leave"!! The Prime Minister of the Jewish entity says that

Jerusalem is the eternal capital of his monstrous entity, while Abbas divides it into East and West!! Shame on him and his decisions.

While the bullets of the brutal occupying army claim the lives of martyrs in Gaza, and the mothers and fathers say their goodbyes to their loved ones, his government, with the blessing of the rulers of the Muslim lands, was dancing over their blood at the opening ceremony of the American embassy in Al-Quds in the presence of an American delegation led by the daughter of the American president and her husband, his adviser.

**O our people in the Blessed Land (Palestine):** If you think that the transfer of the embassy to Al-Quds is painful, then the existence of the Islamic Ummah without an entity and state that implements Allah's law and liberates the land and the people is more unjust and painful. Al-Quds (Jerusalem) is like Jaffa, Haifa and Tel Al-Rabee' (Tel Aviv), they are all occupied and captive, and their liberation is not by negotiations or successive concessions; neither by the two-state solution nor the marches, but their liberation is by the existence of an organized armed army led by the Imam and Khaleefah who will sever the roots of the Jews and their supporters.

**O Muslims everywhere:** In the Muslim countries there are more than 10 million soldiers, 20,000 aircraft, 50,000 tanks and hundreds of millions of weapons and hundreds of millions of people willing to volunteer to liberate the Blessed Land (Palestine) to restore it to the Muslims. If there is no hope in the leaders and rulers, then our hope is in the sincere officers and soldiers of the armies, so talk to them and their families to remind them of their duty towards their Ummah and Deen, and of Allah's wrath on them if they stand idle, watch and obey the orders of their hired and agent leaders and rulers who fail to implement Allah's law. The Blessed Land (Palestine) is a trust upon the necks of all Muslims, and it is not permissible to betray this trust or abandon it. Allah (swt) says:

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَخُونُوا اللَّهَ وَالرَّسُولَ وَتَخُونُوا أَمَانَاتِكُمْ وَأَنْتُمْ تَعْلَمُونَ﴾

**“O you who have believed, do not betray Allah and the Messenger or betray your trusts while you know [the consequence].” [Al-Anfal: 27]**
