

Press Release

**The International Community has Not Risen, and it will not!
So where is the Kinana Army in supporting our brothers, Mr.
Minister of Foreign Affairs?!**

(Translated)

The Egyptian Foreign Minister, during a press conference with his German counterpart held on Tuesday, January 9, 2023, stated: "If one child is wounded, it was expected that the international community would rush to support and protect them. Ten thousand children have lost their lives, with some still under the rubble, and the international community is incapable of explicitly demanding a ceasefire and then addressing other issues." He also said, "Listening to the children who have lost their entire families and their suffering is on the same humanitarian level that the world must address, similar to how it deals with the issue of prisoners." The international community, as mentioned by the minister, is an active accomplice in the crimes of the Jewish entity, and it is well aware of this. Moreover, the Arab regimes whose existence is supported by the international community are part of the conspiracy and partners in the entity's crimes. They act as guardians and protectors of this entity against the anger of the people and armies. America, at the forefront of the system, confirms this. (The Jewish Ministry of Defense stated on Wednesday, December 6, 2023, that plane number 200 within the American airlift had arrived in 'Israel' loaded with American equipment, weapons, and armored vehicles. The ministry added in a tweet on its official website that it had received over 10,000 tons of American weapons and equipment since the beginning of the 'Israeli' war on Gaza, including armored vehicles, weapons, personal protective equipment, medical supplies, ammunition, and more. Since the start of the war, U.S. President Joe Biden has reiterated in a televised speech his country's full support for 'Israel,' expressing his readiness to provide all the military support it needs.) (Al Jazeera Net, 12/06/2023)

America, considered the head of the international community mentioned by the minister, has established an airlift bridge between itself and the occupying entity, providing it with all the necessities of life, either directly or through its clients among the rulers of our countries. Despite being thousands of miles away from the entity, separated by seas and oceans, it has extended its support. So, where is the Kinana Army and its support for the people of Palestine, Mr. Minister? It is the neighboring force to the Blessed Land, entrusted with its liberation as mandated by Allah as all of Palestine is the sacred land owned by the Ummah. The duty of liberation falls upon the entire nation, and it is especially binding on the surrounding countries, with Egypt at the forefront and its strongest military force in the region. The women, children, and elders of Palestine have called out to you, so where are you and where are your armies and equipment that have rusted away?!

The international community has not risen, Mr. Minister of Foreign Affairs, and it will not rise. What hinders the uprising of the Kinana Army, and where are they in response to the words of this Palestinian to his grandson, "Tell the Messenger of Allah (saw) that the Muslims have

abandoned us"? Yes, the armies of the Ummah have abandoned them, only moving to suppress the uprising of the people and protect the thrones of rulers plagued by corruption. The blood of the people of Palestine has not stirred them, and their veins haven't surged with anger when screens display horrifying scenes, documenting instances where the nation and its armies have let them down, a betrayal that shames the foreheads!

The true duty is to support the people of the Blessed Land with all forms of assistance, removing the borders that separate Egypt from the Gaza Strip and the entirety of Palestine. It involves declaring a general mobilization, moving the Egyptian army to support and protect them, and defending them. This is the duty, Mr. Minister of Foreign Affairs, and nothing is more obligatory or worthy than this. If the Kinana Army does not move, then it is the duty of all Egyptians to come out to the public squares, incite the soldiers of the Kinana Army, and encourage them to fulfill the obligation imposed by Allah on them in supporting our people in the Blessed Land and liberating the entire Islamic land. Before that, it involves removing anything that may hinder them from this task and stand in the way of liberating our blessed land and uprooting the Jewish entity.

O Kinana's soldiers! How do you sleep while the sanctity of your Prophet's Israa wal Miraj is defiled by the Jews?! How do you sleep, eat, and drink while the women of Palestine are pleading for your help, sending appeals to you one after another?! Isn't there water on your faces or blood in your veins?! Where is your faith, your courage, and your pride?! By Allah, your silence is a crime and a disgrace, and you will be held accountable before Allah for this silence and for that blood. The Messenger of Allah (saw) complained about you to his Lord, so how will you answer?

By Allah, all the worldly pleasures have no value compared to a single moment in the fire of Hell, so how about eternity in it? Free yourselves from this regime that stands between you and uprooting the deformed entity, supporting our people in the Blessed Land.

O Kinana's soldiers, the best of soldiers! Your goodness is tied to fulfilling the obligation Allah has placed upon you to protect Islam, its creed, its laws, its land, and its sanctities. Be truly the best of soldiers, reclaim the noble legacy of your ancestors like Salah al-Din and Qutuz. Begin your mission by uprooting this regime that brings shame and humiliation upon you, using you to protect the security of the Jews. Announce it as a wrath for Allah, uproot it from its roots, all its tools, executors, policies, and everything branching from it. Establish a state for Islam, a Khilafah Rashidah (righteous Caliphate) following the method of the Prophethood, announcing mobilization to liberate the entire Islamic land and support the oppressed everywhere, not just in the Blessed Land, even though it starts there.

O Kinana's soldiers, let your anger be a sign that upholds the truth with the words of Allah and cuts off the path of the criminals.

﴿وَالَّذِينَ آمَنُوا وَهَاجَرُوا وَجَاهَدُوا فِي سَبِيلِ اللَّهِ وَالَّذِينَ آوَوْا وَنَصَرُوا أُولَٰئِكَ هُمُ الْمُؤْمِنُونَ حَقًّا لَهُمْ مَغْفِرَةٌ وَرِزْقٌ كَرِيمٌ﴾

“But those who have believed and emigrated and fought in the cause of Allah and those who gave shelter and aided - it is they who are the believers, truly. For them is forgiveness and noble provision.” [Surat Al-Anfal:74]
