

Press Release

What Egypt and Its Army Should Do is to Break the Borders and Uproot the Jewish Entity, Not Seek a Ceasefire and Provide Aid!

(Translated)

Ambassador Ahmed Abu Zaid, the official spokesman for the Egyptian Ministry of Foreign Affairs, emphasized that 'Israel' must cease its violations, affirming that Israel violates international laws. He pointed out that the decisions of international justice are binding on 'Israel'. The official spokesman for the Egyptian Ministry of Foreign Affairs, during a phone call to the Cairo News Channel, affirmed that 'Israel' is engaged in the displacement of Palestinians and works to undermine the rights of the Palestinian people. He noted that 'Israel' pursues a policy of genocide against Palestinians, and pressure must be exerted on 'Israel' to stop its practices against Palestinians. The spokesman for the Egyptian Ministry of Foreign Affairs also stressed the need to cease fire in the Gaza Strip, affirming that Washington does not take a position consistent with its responsibility, and Washington's argument for using the veto is unconvincing. He emphasized that Egypt is making every effort to achieve a ceasefire in the Gaza Strip and is moving strongly to provide more aid to the sector. (Al-Yawm Al-Sabi', 21/02/2024)

Those who listen to the words of the spokesman may think he is speaking on behalf of a sovereign state with its own decision-making authority. However, the reality is that the Egyptian regime only moves according to what is dictated to it by America and what serves its interests within the framework of implementing American projects. That's why we see the Egyptian regime echoing America's vision of a two-state solution as a means to settle the Palestinian issue. Now, in the midst of Jewish aggression and with the approach of the holy month of Ramadan, the West, led by America, fears the continuation of war and rampant killing, which will undoubtedly stir the emotions of Muslims worldwide. This could potentially lead to explosive events, possibly resulting in the collapse of client-agent regimes and countries breaking free from Western subjugation, and perhaps even more than that. Islam might rise to power, marking the complete end of Western hegemony and their colonial project, including their advanced stronghold in our lands, the Jewish entity.

The international community, led by America and its allies, has adopted a policy of contradicting words and actions regarding the genocide in Gaza Hashem. It has become evident that statements such as condemnation, dispute, and lamentation are intended to appease public opinion and provide cover for Jewish massacres, while the reality confirms the support of the vocal, America and its followers, for Jewish massacres through financial, military, and diplomatic support. Similarly, the Egyptian regime, through its foreign policy, does not work in favor of our people in Palestine but rather seeks to preserve the Jewish entity and maintain the stability of America's vision, which aims to settle the Palestinian issue. However, resolving the Palestinian issue will not be achieved through international laws or the International Court of Justice, and Jews will not cease their violations as long as there are those among us who

address the international community and its institutions that created and boundlessly support this deformed entity.

The real action that will prevail for our people in the Blessed Land is breaking the borders and mobilizing armies to uproot the Jewish entity. There is no other solution. Jews and those behind them will not be deterred except by a sincere movement from the armies, especially the army of Al-Kinana, which can liberate all of Palestine and uproot the Jewish entity in a matter of hours. But before this, the rulers of our countries who guard the Jewish entity and its real iron dome must be uprooted. They are the ones standing between the Ummah and its armies, between the liberation of Palestine and the support of its oppressed people. This is the solution, and anything else is not solutions but attempts to settle the Palestinian issue, which is the issue of the entire Ummah. There is no benefit to truces or treaties as long as the usurping enemy and its guardians remain entrenched in power in our countries.

O Soldiers of Al-Kinana: The Palestinian cause is the cause of the Ummah and its center of attention; and its land is a Kharajia land whose ownership belongs to the entire Ummah. The duty to liberate it falls upon the entire Ummah, especially the surrounding countries. It is the most obligatory duty upon Egypt and its army. Today, there is no excuse for being obedient to the rulers who guard the Jews. Rather, the duty is to uproot them, liberate our lands from their filth, and immediately mobilize the armies towards the liberation of the Masra of the Messenger of Allah (saw) and the support (nusrah) of our people in the Blessed Land. This is the duty of the time, and anything less than that is a disgrace that will haunt us and our children, and it will not be erased except by action and continuous incitement for the sincere ones in the armies. May Allah hear and answer a righteous man who uproots the systems of oppression and harm, and declares it for Allah, a Dawlah (state) that applies Islam, supports its people, and mobilizes the armies to reclaim its land and its sanctities anew.

O Soldiers of Al-Kinana, O best of warriors: Goodness is only deserved by those who bear the rayah (banner) of the Messenger of Allah (saw) in truth, as mujahideen in the path of Allah, supporters of the oppressed, obedient to Allah, His Messenger, and His Deen. They do not obey anyone above obeying Allah and His Messenger, nor do they obey rulers who follow the orders of the West and execute their colonial projects, obstructing them from liberating the sanctities of the Ummah and supporting the oppressed among them. These are the ones truly deserving of goodness. Are you among them? Goodness is in those who follow in the footsteps of Qutuz, who makes himself and his soldiers shields for this Ummah, guarding it and its creed. He gathers his peers, reminding them of Allah and His days and of jihad in His path, seeking His paradise and His pleasure. So where are you, O descendants of Qutuz and Baybars, conquerors of the Tartars, from the Tartars of this era? And where are you, O descendants of Salahuddin, inheritors of the liberation of Al-Aqsa, from the defilement of the Crusaders and their new war on Islam and its people? Who will support Islam if not you and those who support it?

It is a trust from the Messenger of Allah (saw), so safeguard it and be its people, shields for this Ummah, protectors of it. Do not be false witnesses who see what is happening to the Ummah like the deaf and dumb who do not understand. If Allah knew any good in them, He would have made them hear. So listen, perhaps Allah will decree goodness for you and through you, and Islam and its people will be honored by your hands.

﴿وَالَّذِينَ آمَنُوا وَهَاجَرُوا وَجَاهَدُوا فِي سَبِيلِ اللَّهِ وَالَّذِينَ آوُوا وَنَصَرُوا أُولَٰئِكَ هُمُ الْمُؤْمِنُونَ حَقًّا لَهُمْ مَغْفِرَةٌ وَرِزْقٌ كَرِيمٌ﴾

But those who have believed and emigrated and fought in the cause of Allah and those who gave shelter and aided. It is they who are the believers, truly. For them is forgiveness and noble provision." [Al-Anfal:74].
