

Press Release

The Call is to Mobilize the Army, Not to Marches of Unarmed People!!

(Translated)

With Trump pretending to tighten the noose on the Egyptian regime and the regime's inability to refuse and its full knowledge that displacement is something it cannot refuse despite the risks it entails, Trump's statements came to suggest the revelation of the truth of the relationship between the master and the slave, so he declared after the announced refusal by the two regimes by saying, "We have given a lot to Egypt and Jordan, and they will do what we want regarding the people of Gaza... They will do what we want... Yes, they will do it." He knows that they are slaves who do not have the ability to refuse, and their refusal is only for media consumption and to justify their subsequent obedience under the pretext that they cannot challenge the American cowboy, and that their call to the people to demonstrate is only to vent it, and not to stand against the conspiracy in which they are a part of, and to pretend that they did what they could to refuse orders, even though the regime was arresting those who demonstrated in support of Palestine months ago! If the matter had been left to Egypt, its people and its army, they would have immediately set out to uproot the usurping entity from its roots and liberate all of Palestine and support its people.

Rafah crossing witnessed demonstrations yesterday, Friday, 31/1/2025, where Egyptians gathered to express their rejection of Trump's proposal calling on Egypt and Jordan to accept Palestinian refugees from the Gaza Strip. These demonstrations came in "response" to the call of the Egyptian President, who urged people to express their rejection of this proposal. The demonstrators raised the Egyptian and Palestinian Sykes-Picot flags, chanting slogans such as "Long Live Egypt." The regime, known for suppressing any popular movement, is the same one that suddenly allowed demonstrations at the Rafah crossing, and not only allowed them, but organized them, provided comfortable means of transportation, and even paid sums of money to the demonstrators, in a scene intended to delude the interior and exterior that Egypt rejects displacement. It is the same one that suppressed all protests that took place in the governorates of Egypt in support of Gaza, when Gaza was calling for help from Egypt, its people, and its army, and arrested everyone who dared to raise their voice against the occupation or against Egyptian cooperation with it. It even reached the point of closing shops that sold Palestinian keffiyehs or any symbol expressing solidarity with the people of Palestine! How can this regime, which criminalizes solidarity with Gaza, now claim that it rejects displacement?! The truth is that these demonstrations were nothing but a play, intended to pass the conspiracy and implement what is dictated to the regime from the White House.

The regime's position is known, despite official statements claiming that "Egypt will not accept the displacement of Palestinians," the facts on the ground prove otherwise. There are no moves indicating any real intention to prevent the American plan, but rather all indications indicate that the regime is prepared to contain the displacement gradually, through indirect methods, under many pretexts, as it did in previous files, and these artificial demonstrations witnessed by the Rafah crossing are part of this policy, as the regime wants to appear as a defender of the Palestinian cause, while continuing to play the role of the facilitating mediator obedient to America and the Jewish entity, to implement the plan according to calculated arrangements.

O Soldiers of the Canaanites: The issue of the Blessed Land of Palestine, its Isra and its Al-Aqsa, from its sea to its river, is a military issue par excellence. It is your issue, and we know what is going on in your hearts, for you are part of the Islamic Ummah, and you are moved by its issues and you get angry for its sanctities. You are the balance in this equation, and even if it is difficult for the regime and America, it is easier for you than turning a blind eye. It is enough for you to side with your Ummah, and for your weapon to be a shield for it, and for you to wage war against the enemy of Allah and its enemy. Then the regime will collapse before you move to uproot it, and it is the one that stands between you and much good. It stands between you and the application of Islam, and stands between you and the unification of the Ummah, and stands between you and the liberation of Palestine and the support of its people;

By uprooting him, all of this will be achieved. So, hasten to cut the ties between you and him and connect them with Hizb ut Tahrir, which carries for you the project of Islam that unites the Ummah and liberates the Blessed Land and all the usurped lands of Islam. So be with it and support it, and perhaps Allah will bring about victory or a command from Him, so that you may become happy with what you have done with the return of the justice, glory, and authority of Islam once again under the shade of its state, the Khilafah Rashidah (rightly guided Caliphate), on the method of the Prophethood.

﴿وَلَيَنْصُرَنَّ اللَّهُ مَن يَنْصُرُهُ إِنَّ اللَّهَ لَقَوِيٌّ عَزِيزٌ * الَّذِينَ إِن مَكَّنَّاهُمْ فِي الْأَرْضِ أَقَامُوا الصَّلَاةَ وَآتَوُا الزَّكَاةَ وَأَمَرُوا بِالْمَعْرُوفِ وَنَهَوْا عَنِ الْمُنْكَرِ وَلِلَّهِ عَاقِبَةُ الْأُمُورِ﴾

“Allah will certainly help those who stand up for Him. Allah is truly All-Powerful, Almighty. ‘They are’ those who, if established in the land by Us, would perform prayer, pay alms-tax, encourage what is good, and forbid what is evil. And with Allah rests the outcome of all affairs.” [Al-Hajj 22:40-41]
