

Press Release

How can Egypt Emerge from its Crisis?

Do Revolve with Shara', wherever it Revolves and Follow the Sunnah of your Prophet and his Way of Change

(Translated)

In a statement published by the Muslim Brotherhood on their official website on June 29, 2019, they spoke of their vision of the death of Dr. Morsi, as a symbol of democratic experience, and that his death has imposed a new reality on the shape and nature of the conflict, with which the revolutionary agenda in Egypt must be re-framed on the pivot of thought and movement. The statement issued by the General Office set out three themes that we will return to later after we demonstrate the reality for what it is, and how to deal with it and what is new that is imposed by the death of Dr. Morsi (*Rahimahullah*) and on who specifically? These are things that should not be overlooked when we speak of this statement.

The reality of Egypt has not changed with the death of Dr. Morsi (*Rahimahullah*); a usurped authority and agent traitor rulers, who follow the orders of the Kaffir West, and the duty of the Ummah is to remove them and appoint one ruler (a righteous Khalifah) who rules by Islam and unifies all Muslim countries under his authority. This work has a legitimate method shown by the Seerah of Rasulullah (saw) in the way he worked in Mecca and destroyed the Kufr thoughts and his actions in seeking victory (Nusrah) from the people of power and support until Allah (swt) prepared for him the Ansar (supporters), so he (saw) established with them his state in al-Madinah and applied the whole of Islam completely undiminished and without gradual application. Before that, he (saw) has been offered many proposals; including an incomplete support (Nusrah) like those who told him we will support you over the Arabs without the Ajam, and a conditional support like those who said: "we support you in return that we take control of the ruling after you". And some of which were in return for concessions like those who said: "We worship your God for one year and you worship our gods for another year." The Messenger of Allah (saw) rejected all these proposals and accepted nothing but unconditional support for the attainment of Paradise. From that day, our country became an abode (Dar) of Islam and an Islamic State until the Kafir West demolished it, robbed its authority and gave it to the fallen and the Ruwaibidhat (incompetent) to govern our country on behalf of him. And the duty of the Ummah towards those regimes which were established by the West, is to uproot them, whether they are military or civilian regimes, and the Ummah must regain its authority and delegate it to those who rule them by Islam completely undiminished in the Khilafah Rashidah State (righteous Caliphate) on the method of the Prophethood. This only needs the armies' alignment to the ideology of the Ummah and their support for the sincere workers for the establishment of the Khilafah Rashidah that implements Islam, a complete and unconditional support.

So, the conflict really is not between the revolution camp and the military coup in Egypt, rather it is a conflict between the nation and agents of America and those who imagine otherwise or have been lulled to America and consider it part of the solution is naïve who did not learn the lesson and he will be deceived by the West and its agents until they reach their goals and then slaughter him. We saw what Abdel Nasser did previously and what Sisi did later, so do not let them lure you again!!

As for the three themes that the Muslim Brotherhood's statement described; first of which is the death of Dr. Morsi (*Rahimahullah*), which is not different from the death of all the oppressed by this regime and those who perished in its prisons and on the ropes of its gallows; for they are all crimes added to the record of this regime, which has not and will not be held accountable by international organizations or major countries, as they all partners in the crime against the Ummah and all of them are our killers and their hands contaminated with our blood in all parts of the earth and those who are lulled to them and trust the lies of their talk are not aware of anything in politics!

Second, how long will your vision remain confined to the West's options between the military ruling by Kufr and a national civil government that also rules by Kufr, even if its ruler is a Muslim with a beard

and a memorizer of the Quran?! Why do you market yourselves as an alternative option to the West to contain revolutions and to take care of its interests in our country, as is the case with Erdogan? Why isn't your choice to become the interest of the Ummah and its ideology that emanates from its creed? Why do you throw yourselves in the arms of the West embracing its thought instead of carrying the ideas of Islam, which you raise its slogan, and embracing the Ummah that raised you on its shoulders and brought you to its ruling out of confidence in your Deen and thinking that you will rule it with Islam?! And if you really did, no creature on earth would have been able to take the government and the authority from you.

The way out from the crisis experienced by the country needs a real project emanating from a strong idea and a conscious political leadership on this project in detail and how to deliver it to the governance and how to apply it, an application that addresses all its problems correctly and practically. The only project capable of that really is the project of Islam; the Khilafah Rashidah (rightly guided Caliphate) on the method of the Prophethood. And Hizb ut Tahrir carries it to you and to the Ummah in all its details and it has the ability and readiness to apply it immediately. So, work with it or carry this project, adopt its content and give the Ummah a strong covenant to apply it immediately upon your arrival to rule. This alone is the way out of the crisis for those who really want to arise from it, and not for those who want the West to emerge from its crisis in our country.

Third: Revolving in the orbit of Western solutions away from the legitimate solution based on the method of the Prophet (saw) in change and even unification if not based on Islam and for its application, it will not be unity, rather it is the continuation of the renunciation of the constants of Islam until the detachment from it as a whole and the transformation to a national movement that has no difference between it and other original secular movements that present the same as what you are presenting now; all of which are corrupt and failed proposals and treatments that preserve capitalism and rally around the aspirations of the revolutionary peoples.

The reviews and identification of mistakes, if not a motive for not repeating them are useless, repeating the mistakes and continuing to rely on the West and its options is a new suicide and a waste of pure blood spilled and shed for the sake of a false democracy! We have advised you countless times, and we will continue to advise you, that our advice may reach listening ears, conscious hearts, sighted eyes, and into sound insight.

The only genuine way of change is a real political action in accordance with the provisions of the Shariah, exposing the rulers and their conspiracy against the Ummah, and destroying the ideas of the West and its patriotism that have lived in the hearts of the people of the Ummah. Work that disbelieves in the borders of Sykes-Picot and its banners and homelands. And seek to uproot them and unify the country under Khilafah Rashidah on the method of the Prophethood. A political action that addresses the armies with a true speech that does not antagonize them as they are part of the Ummah and they are their weapon that is now owned by its enemy. A speech that incites them to eliminate the corrupt agents out of them and cut off all ropes linking them with the West and its agents. A speech that connects them with Allah and holds them the trust and appeals to them to support Islam and establish its state once again, the Khilafah Rashidah on the method of the Prophethood, a complete unconditional support to meet the satisfaction of Allah Almighty and for the sake of His Paradise which Allah has written to those who carry the sword of Islam and its banner and support it rightfully... *Allahuma Ameen*.

This is the way for change; and this is the project that must be adopted by the people of the Ummah in general and especially those who raise the banner of Islam in it, and you are more fitting to carry it and gather people to unite under it and for the sake of supporting it. And this is what people carried you over their necks for it, so do not disappoint them and be as Allah wanted you to be not as the West wants you! May Allah protect you and us, and guard us and you from the evil of *fitnah* (seditions). And you will remember what we now say to you, we entrust our affairs to Allah, and Allah is the All Seeing of His servants.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ وَاعْلَمُوا أَنَّ اللَّهَ يَحُولُ بَيْنَ الْمَرْءِ وَقَلْبِهِ وَأَنَّهُ إِلَهُ تَحْشُرُونَ﴾

“O you who have believed, respond to Allah and to the Messenger when he calls you to that which gives you life. And know that Allah intervenes between a man and his heart and that to Him you will be gathered.” [Al-Anfal: 24]
