

Press Release

The Regime's National Celebrations Continue Despite the Brutal Massacres of America and the Jews in Gaza?!

(Translated)

The so-called national celebrations that surrounded the so-called Silver Jubilee celebrations of the regime in Jordan cannot be consistent with the humiliating and shameful reality that the Muslim people of Jordan live as they see their Muslim brothers and sisters in Gaza and the Nuseirat camp being slaughtered relentlessly, in hundreds, within hours, in crimes in which America and the occupation army participated, unprecedented in human history and the so-called international community, which is silent like the silence of the graves.

The people of Jordan did not achieve or gain anything from the Jubilee ruling, and this is demonstrated by the events and facts that Jordan has reached and by the standards of the man-made laws that are applied to the people. Poverty affects more than a quarter of the population, as does unemployment, and debt has reached an estimated 115% of the gross domestic product. Health and educational services are at their lowest levels and only the wealthy have access to them. The Prime Minister even admits and repeats his saying, "The good days have not yet come," and he wishes people its arrival and Satan only wishes them arrogance!

We do not say that because the people of Jordan are suffering from what is happening to the people of Gaza in terms of crime, killing, displacement, and hunger for children and women. They are certainly not in the mood to celebrate, and for nine months their co-religionists have been completely destroyed by the enemy America and the Jews, and the people of the regime's shackled power are not supporting them, in fulfillment of the treasonous treaty with the Jewish entity, and in continuation of friendly relations with the criminal enemy America. And opening the country to its military bases and airspace to provide the Jewish entity with equipment. We do not just say that and it is enough, but we say that while the people of Jordan themselves have been suffering for decades from poverty, hardship, oppression, oppression and distortion of their positions that they expressed honestly towards the people of Gaza.

The glaring truth is that the people of Jordan are not celebrating and do not find anything to celebrate for. Rather, the one celebrating is the regime that sits at the forefront of the Ummah and celebrates its survival in power, and it is the one that orders the official suspension of business and organizes celebratory activities, with the agencies that it controls in the state and the official media, which falsely talks about what is called "spontaneous loyalty" and "the coalescence of the popular

position with the official” and that “a strong Jordan is better for Palestine,” especially in international forums, which America and the Jewish entity have been buried in, according to the Foreign Minister’s words, is in fact organizing the celebration himself.

O People of Jordan, O Muslims: The national character has become a broken record, and only the rulers sing about it, to tighten their grip on you, as they do their evil deeds only in the name of the homeland. In its name, America considers the enemy to be a friend, so the country and the servants have become permissible with its soldiers and equipment, and in the name of nationalism, a treaty of shame and disgrace was concluded with the Jews, the people most hostile to those who believe, and diplomatic relations and cooperation with them continue, to enable their entity to survive. In the name of patriotism, nationalism, and artificial borders, the Muslim people of Gaza are being let down and they are not being helped by mobilizing the armies, which to date have not been moved by the chivalry of Al-Mu'tasim or the response to the cries of children and women, despite the scenes of the remains of martyrs that make human hearts bleed and stones almost speak from their terror.

O People of Strength and Power, O Muslims: Do not sell your hereafter for the worldly life of your rulers, lest you lose both. Rather, establish for yourself an honorable position, recorded in the spotless record of Islamic history for the heroes of the Ummah, and obey the commands of Allah Almighty, for He is more deserving of response than your rulers, and He is the One who says in His Noble Book: وَإِنْ

﴿قَاتِلُوهُمْ يُعَذِّبُهُمُ اللَّهُ بِأَيْدِيكُمْ وَيُخْزِهِمْ وَيَنْصُرْكُمْ عَلَيْهِمْ وَيَشْفِ صُدُورَ قَوْمٍ مُّؤْمِنِينَ﴾ **But if they seek your help ‘against persecution’ in faith, it is your obligation to help them.** Abandon your weakness and love of the world, and what prevents you from your renaissance, and work with those who have pledged themselves to work to establish the Khilafah Rashidah (rightly guided Caliphate) State on the method of the Prophethood, which implements Islam and mobilizes armies to liberate the Masra of the Messenger (saw) and all of Palestine. You have seen the patience and steadfastness of your Mujahideen brothers in Gaza, who subjected the Jews to various types of torture despite the scarcity of numbers, equipment, and gear.

﴿قَاتِلُوهُمْ يُعَذِّبُهُمُ اللَّهُ بِأَيْدِيكُمْ وَيُخْزِهِمْ وَيَنْصُرْكُمْ عَلَيْهِمْ وَيَشْفِ صُدُورَ قَوْمٍ مُّؤْمِنِينَ﴾

“So” fight them and Allah will punish them at your hands, put them to shame, help you overcome them, and soothe the hearts of the believers” [At-Tawba:14]
