Launch of Campaign 'Hands Off Our Honours'

(Translated)

In the face of the malicious capitalist crusader attack against the Muslim woman and her standing that Islam has guaranteed for her and in the face of the numerous and various tools employed by this campaign within our land, including the international organisations, local associations, cultural platforms, academic educational units and personnel, writers and journalists to whom the media has opened up its airwaves from amongst the mercenaries who have been imprinted with the western mode of living.

In the face of all of this **Hizb ut Tahrir Wilayah of Jordan** announces the launching of the campaign under the heading:

'Hands Off Our Honours'

Which will be carried out by the Da'wah carriers from the Shabaat of Hizb ut Tahrir beginning from Sunday 07/02/2016. So take part and share in the reward of defending the honours of the Muslims by standing in a strong preventative manner before the attempts of the disbelievers and their cronies in the land of the Muslims from attacking the elevated standing of the woman that Islam has honoured her with and to prevent her being dragged down to the low standing which is found in other than Islam, through means of lies, deceit and deviation.

﴿وَقُلْ اَعْمَلُوا فَسَيَرَى اللَّهُ عَمَلَكُمْ وَرَسُولُهُ وَالْمُؤْمِنُونَ﴾

"And say: "Act, for Allah will see your deeds, and [so, will] His Messenger and the believers" [At-Taubah: 105].
