Who Said that the Regime in Jordan and its Successive Governments Are Shy of Allah, His Messenger and the Believers?!

(Translated)

Newspapers and news sites reported that the Deputy Prime Minister for Economic Affairs and Minister of Industry, Trade & Supply Jawad Al-Anani stated: “The Jordanian government is not shy to alter the curriculums as we want to revise the curriculums because we have discovered that some of it represents that which incites “terrorism”.”

We in Hizb ut Tahrir in the Wilayah of Jordan say the following:

Indeed, the regime and its government have reached its limit in respect to challenging the Aqeedah (belief) of the Ummah, its values, concepts, the Ahkaam (rulings) of its Deen and their sentiments. And it has reached the level of insolence to announce upon the tongue of its deputy prime minister that he has no shame or shyness in respect to that!

Verily, the Muslims in Jordan and outside know and indeed are certain that the regime in Jordan and its successive governments have not been shy for a single day from Allah, His Messenger (saw) or the believers. The examples and evidences for that are well known and too many to be counted. So what is it then O liars that you have found within the curriculums that incite “terrorism”?! Have you found like the enemies of the Ummah within the Aayaat of the Qur’an Al-Kareem that which incites to “terrorism”? Or have you found that within the Ahadeeth of the Messenger of Allah (saw)? Or in the expeditions, battles and heroics of the Muslims that made the forefathers of your disbelieving masters draw near to the whispers of the Shaytan?!

O Muslims in Jordan:

It represents the national plan to confront extremism which the regime in Jordan adopted two years ago as a dirty extension of the international and crusader efforts in its war against Islam and to corrupt and twist it so that it conforms to the measures and scales of its enemies. The destruction of the school curriculums for the students so that they are empty of the concepts of honour, might, sacrifice, unity and Jihaad represents nothing but an element from amongst the elements of this plan to draw closer to the disbelieving West, please it and fall into its embrace. They want to implant the minds of the students with the western culture and their way of living upon the basis of the Aqeedah (belief) of the separation of the Deen from the life. That is in order to strip the Islamic Ummah from its Deen, culture and values, and implant within the sons of the Ummah submission, degradation, surrender and subservience, to facilitate the continuous targeting of the colonialist powers without the least amount of rejection, resistance or even condemnation.

O Muslims in Jordan:

Indeed, the US Department of State’s report that is concerned about the Jordanian government’s shortcomings in respect to implementing the national plan to confront extremism only reiterates that this plan that the government of the regime in Jordan is proceeding upon, has only been created under the American eye and its supervision. And as a result of its implementation and the implementation of other plans, the regime receives (financial) assistances followed by more assistances from America, the enemy of Islam and the Muslims.

O Muslims in Jordan:

O noble people, O men of men, verily your Islam and your values are being targeted. So show Allah from yourselves that which is pleasing to Him by accounting the regime in the political Shar’i manner that diverts it from its transgression and sin, and halts its cooperation and participation with the enemies of the Ummah and Islam in regards to targeting Islam under the excuse of fighting extremism and “terrorism” that has been manufactured by their own hands.
