Regime's Security Apparatus in Jordan Arrest Member of Hizb ut Tahrir

(Translated)

On Tuesday, 19/09/2016, the regime's security apparatus in Jordan, in Ar-Raseefa area, have arrested a member of Hizb ut Tahrir: Brother Ziyad Salim Muhammad Abu Rizk. He was transferred to court and kept in Az-Zarqa' prison, because of his participation in the party's campaign that exposes the crime of legislating with that which Allah did not reveal. This happened after a cheap dirty tip by a candidate that won in the parliamentary elections in Ar-Raseefa area, after shedding his manhood, moral values, and virility, confirming his character of repression and that he is a part of the oppressive security system in the country. The security apparatus received the tip and responded to it, confirming the hatred of the regime in Jordan towards Hizb ut Tahrir and its fury on the campaign which was launched under the slogan "**Boycott the legislation by other than what Allah has revealed**".

As a result of its actions, the President of the Independent Electoral Commission, Khalid Al-Kalaldah was pushed to break his silence and incite against those who are working for it, in his press conference during the voting process. Brother Ziyad visited this snitch candidate during the campaign program carried out by Hizb ut Tahrir / Wilayah of Jordan, to expose the crime of legislating by other than what Allah has revealed; the party's members contacted the people and urged them to boycott the parliamentary elections from the Islamic basis. The party members also visited most of the candidates for the parliamentary elections and have explained to them the crime and the prohibition of legislating, and they have held them responsible, according to Islam, to stand on the side of Islam and the vital issues of the Ummah.
