Hizb ut Tahrir's Stand in the city of Sidon "O Army of the Kinana, the Time has Come"

(Translated)

In the series of stands held by Hizb ut Tahrir in the Wilayah of Lebanon, to support Gaza and its steadfastness in the face of the criminal military machine of the Jewish entity, and to incite the armies to take the positions of pride required of them, especially the army of Kinana Egypt, the army of Jordan, and the Muslim armies, which are ranked among the first armies in the world in number and equipment. Today, Friday, 6/7/2024, the Hizb held a stand in the city of Sidon, the capital of the south, which struggled and defeated the occupier in its bright history. It was preceded by two stops in Tripoli, ash-Sham and the Bekaa on Friday 5/31/2024.

There were speeches by distinguished speakers, initiated by Dr. Bassam Hammoud, Vice President of the Political Bureau of the Islamic Group in Lebanon, in which he made it clear that the most important role is assigned to the armies in the region, which until now are still failing Gaza and Palestine and that the Muslims must take every possible role with words, advocacy, weapons, and money, recalling that the military wing of the Islamic Group, represented by the Al-Fajr Forces, is doing everything in its power to support our people in Palestine and Gaza and is still offering martyrs on this path, noting the importance of such stances and their continuation. Then there was a speech by the official of Islamic relations in the Jihad movement in Lebanon, Brother Shakib Al-Aynat, who described the battle and its continuation as between complete truth and complete falsehood, and that the people of Palestine are facing the Jews and the West behind them, especially America, and he praised the stances in support of the people of Palestine in general and Gaza in particular.

Then the closing words were a speech by a member of Hizb ut Tahrir, Sheikh Abu Hamza Misriya, in which he pointed out that the sad image of Gaza embodied the reality of our Ummah, torn into scattered pieces, being tyrannized by a conspiring agent tyrant here and there who prevents them from supporting each other. Sykes-Picot flags rise above our skies instead of the flag: There is no Allah but Allah, and Muhammad is the Messenger of Allah (saw). He focused his speech on mobilizing the resolve of the armies, so he said, addressing them: O people of strength in the Muslim armies, do not the scenes of blood flowing on the land of Gaza and Palestine, the first qiblah for Muslims, the place of your Prophet's Masrah (journey), affect you?! Do you not hear the voices of those who are crying out to you, including women, children and the elderly, who cannot find any help or find a way?! O Muslim Soldiers in the Armies: Do you not see that you are the guardians of an agent faction conspiring to shed the blood of your brothers in full view of everyone?! O soldiers in the Muslim Armies: Do you think that the Jews are people of war? No, by Allah, they are more cowardly than you expect. We have a lesson in the glorious events of October 7, 2023; A small number of young believers set off after performing ablution and praying, trusting in the Mighty, the Mighty, the Supporter, the Helper. They performed well with their humble weapons, in front of the most powerful forces of evil, killing some, wounding, and capturing others.

Then the stand concluded with a prayer for Haj Hassan Al-Nahhas, a member of the Media Office of Hizb ut Tahrir in the Wilayah of Lebanon.

And praise be to Allah that His grace is righteous.
