The Enemy of Allah (swt) is Now Trembling with Calls for Jihad, So What If the Muslim Armies Really Moved?

After continuously calling the Muslim rulers and the Muslim armies to wage Jihad Fi Sabillah in Palestine, the Facebook (FB) administration has closed the FB of Hizb ut Tahrir / Malaysia without notice. They also closed the FB page of its Spokesperson due to the same reason. And it turns out that few other FB pages of Hizb ut Tahrir in Western and Arab countries were also closed. This shows nothing except the fear of the enemies of Allah (swt) to the real solution of Palestine advocated by Hizb ut Tahrir, apart from showing their support for the illegal and brutal Jewish entity.

For the past three weeks since the attack on Gaza, Hizb ut Tahrir / Malaysia aggressively held demonstration and talks, and rained FB with all manners of videos, reports, information, posters and remarks, calling Muslim armies to immediately mobilize to Palestine. Apart from the official FB of Hizb ut Tahrir / Malaysia and its Spokesperson, the FBs of its members who shared all the postings from the aforesaid sites were also affected. On top of that, all postings that carry the phrase "Hizb ut Tahrir" were also deleted.

It is blatantly apparent that they have lost the "war of ideas" so much so that they used their "power" to clamp down the words of truth. This is no surprise and not new to us, since the FB administration has been closing the FB of Hizb ut Tahrir in some countries from time to time due to their fear of the Call for Khilafah (Caliphate) by Hizb ut Tahrir.

O Muslim Armies!

We have seen that the enemy of Allah (swt) has already lost the war of ideas with great loss, when facing the truth. We are now seeing that the enemy is trembling with the Call for Jihad, even by a small group of people. Hence, can you imagine that if you really mobilized for Jihad to defeat the enemy with the strength of a state, what is going to happen? Do you not believe the Words of Allah (swt) when He says; **﴿قَاتِلُوهُمْ يُعَذِّبُهُمُ اللَّهُ بِأَيْدِيكُمْ وَيُخْزِهِمْ وَيَنْصَرِّكُمْ عَلَيْهِمْ وَيَشْفِ صُدُورَ قَوْمٍ مُّؤْمِنِينَ﴾** **"Fight them, Allah will punish them by your hands and will disgrace them and give you victory over them and satisfy the breasts of a believing people."** [At-Tawba: 14].

Finally, we want to say that whatever the FB administration, or whomsoever does to stop the voice of truth, they will never succeed since the truth comes from Allah (swt) and He Himself will spread it, protect it, and make it victorious over falsehood. This is His promise and He will never break His promise; as He will also never break His promise (as uttered by His Messenger) with regards to the return of the second Righteous Caliphate upon the Method of the Prophethood, and the Jews will be defeated, and on that day, the whole Muslims will rejoice. This, by His Will, will happen really really soon.
