Do Not Lose Sight of the Real Duty Towards Palestine!

Analysis and conspiracy-mongering clouds and distracts from the root of the issue of the Jewish entity. The main issue is that Palestine is an Islamic land, which the Jewish entity has usurped. It is the duty of the entire Islamic Ummah to call for the liberation of the entirety of this Blessed Land. Above all, it is the duty of the armed forces of the Muslims to practically mobilize immediately, now, at once and without delay.

The capability to overwhelm the cowardly Jewish forces within hours of a day exists in the armed forces of the Muslims. It is the treacherous rulers of the Muslims, with their inaction, cowardice and slavery to Washington, that have established a security fence around the Jewish entity. They have created the false impression that the most cowardly of peoples, the Jews, are invincible. However, the recent attack by the heroes of Palestine has once again exposed the fragility of Jewish entity's security apparatus. Moreover, whenever war breaks out between the Muslims and the kuffar, it is obligatory for the armed forces to mobilize in the support of Muslims, because they are capable to do so.

The Jewish entity has been oppressing the Muslims of the blessed land of Palestine for decades. In this situation, instead of focusing on the real issue, turning the discussion towards the real solution, the mouthpieces of the rulers cloud the issue, by raising discussions about who is siding with whom, what is the need for war now and how the operations will provoke the Jewish entity into creating more havoc.

All this is to prevent the immediate support of Palestine by the armed forces. At this point in time, the focus must be on calling the Muslim armed forces to enter into open war with the Jewish entity. It must be about reminding them of their duty to mobilize at once. It must be about them seizing the honor of cleansing and liberating the blessed land of Palestine from the Jewish entity.

Allah (swt) said, ﴿يَا أَيُّهَا الَّذِينَ آمَنُوا إِن تَنْصُرُوا اللَّهَ يَنْصُرْكُمْ وَيُثَبِّتْ أَقْدَامَكُمْ﴾ “O you who believe, if you support Allah (swt), He (swt) will support you and consolidate your foothold.” [TMQ Surah Muhammad 47:7]
