Eradicate the Jewish Entity

**Exposing Pakistan's Military Capabilities before the
Jewish Entity's Air Force is Open Treachery**

Hizb ut Tahrir / Wilayah Pakistan strongly condemns the Raheel-Nawaz regime for sending our highly skilled Pakistan Air Force pilots to the Red Flag 16-4 joint exercises in the United States, in which the Jewish entity was participating, as reported by the US Air Force News Service (AFNS), thus affording the Jewish aggressors a golden opportunity to gain intimate and first-hand insight into our capabilities. The Jewish entity is a belligerently hostile authority, which has occupied Muslim Land, violating the sanctity of Masjid al-Aqsa, our First Qiblah and the blessed destination of the Night Journey (Isra'a) of RasulAllah (saaw). The Jewish entity has shed Muslim blood in recurrent massacres against the Muslims of Palestine, as well as in staged wars, whose result the agent rulers of Muslims fixed so that the Jewish entity is given a false image of invincibility. So, we ask those whose first, knee-jerk reaction is to either deny such news or provide hasty justifications for the stance of the rulers: How is it that one of the most powerful armed forces in the world, the Pakistan Armed Forces, is made to expose its capabilities before an openly belligerent state, outside of active war? How can such a significant assistance be extended to the enemy, when Allah (swt) ordered assistance only for those Muslims who are afflicted by its enmity, for He (swt) said, ﴿وَإِنِ اسْتَنْصَرُوكُمْ فِي الدِّينِ فَعَلَيْكُمُ النَّصْرُ﴾ **“And if they seek help of you for the religion, then you must help”**. [Al-Anfal:72]? How can such a treachery be tolerated on the grounds that orders are orders when RasulAllah (saaw) said, «لَا طَاعَةَ لِمَخْلُوقٍ فِي مَعْصِيَةِ اللَّهِ» **“No obedience for a creation in the disobedience of Allah the Almighty.”** (Reported by Ahmad and Tabarani)? And how can any aware Muslim defend such despicable co-operation with the Jewish entity by any excuse, when it is known such actions are used as a prelude to normalize relations with the Jewish entity which until now has not been recognized by Pakistan, especially at a time when the Jewish aggressors can see, with wide, terrified eyes, the return of the Khilafah (Caliphate) on the Prophethood upon the horizon?

O Officers of Pakistan's Armed Forces!

There is no doubt or debate that the traitors in the political and military leadership, led by Nawaz Sharif and Raheel Sharif, are not standing with the Ummah, rather they are standing with her enemies. Obeying them and supporting them in their treacheries

against Islam and Muslims is a grave sin. The excuse that you are waiting for the people to move against the rulers instead, will not hold on the Day of Judgement because it is a duty upon you to extend the Nussrah (Material Support) for the re-establishment on the Khilafah (Caliphate) on the Method of the Prophethood, for you possess weapons of strength and war and are capable, whereas the people are not.

So, is there not amongst you a Musab bin Omair, Asaad bin Zuraarah, Usaid bin Hudayr and Saad bin Muadh (رضي الله عنهم اجمعين) who would support Allah (swt) and His Messenger (saaw) in order to succeed in this world and the Hereafter, such that the throne of Ar-Rahman shook at the death of Saad bin Muadh, for granting victory to Allah's Deen. Al-Bukhaari narrated from Jabir (may Allah be pleased with him), I heard the Prophet (saw) say, «اهْتَزَّ الْعَرْشُ لِمَوْتِ سَعْدِ بْنِ مُعَاذٍ» **“The throne of Allah shook at the death of Saad ibn Mu'adh”**? Is there not amongst you a man of reason to restore the legacy of the men of men and establish the Khilafah and appoint a Khaleefah who will not prevent you from fighting the enemy, but leads you, for the Imam is the one whom people fight behind. Muslim narrated from Abu Hurayrah that the Prophet (saw) said: «إِنَّمَا الْإِمَامُ جُنَّةٌ، يُقَاتَلُ مِنْ وَرَائِهِ، وَيَنْقَى بِهِ»، **“Indeed, the Imam is a shield, you are protected by him and fight from behind him”**. And then, under his leadership, the elimination of the Jewish entity and the return of the whole of the Blessed Land to the lands of Islam will be achieved. And the Khaleefah will restore the legacy of Omar al-Faruq (رضي الله عنه); who opened Al-Quds and the Blessed Land around it, the legacy of Salahuddin; who liberated it from the Crusaders, and the legacy of Khaleefah Abdul Hamid II; who protected it and it was more valuable to him than his soul and all that he possessed.
