

Press Release

The Pure Blood of Muslims is Insignificant to their Rulers... So Their Vile Enemy Shed It in Abundance!

(Translated)

Hundreds of martyrs and wounded are the outcome of the criminal operation and massacre carried out by the Jewish entity today, Saturday, 8/6/2024, in the Nuseirat camp in the Gaza Strip. A huge number of its forces and apparatus were deployed, under a heavy cover of criminality and bloodshed, to free four of its prisoners.

The criminal operation was carried out with the direct participation of America, the sponsor supporting the criminal entity and its crimes and at the same time supervising the “truce” talks, which confirms that the blood of the people of Gaza and their children is outside its calculations and considerations, its cunning and its plans.

The liberation of four of the enemy’s prisoners after eight months of war will not restore the enemy’s collapsed morale, nor will it restore its prestige, which has been covered in dust, nor will it retrieve its deterrence, which has fallen. It will not give the entity the illusionary and impossible victory that its criminal leaders are looking for. It is only making excuses for its crimes against civilians and children, and the intensity of the bloodshed, to cover up for its failure and weakness and shame, which was exposed at the hands of the heroic Mujahideen.

The responsibility of every innocent soul lost in today’s massacre, and every other day, and every innocent blood that has been shed, is on the necks of the criminal Muslim rulers before others. They are the ones who handed over the people of Palestine and their children, their blood and their necks, to America and the Jewish entity, so that they can kill them as they please. The Jewish entity and its sponsor, America, are nothing but the enemy. We have known about their hatred and crimes, and the wolf is not to blame for its aggression. Why would they not kill the people of Palestine when the criminal rulers seek with the entity to achieve its security, and promise it with normalization instead of take revenge, rather they conspire with them.

What is heartbreaking is that the event is called “The Liberation of the Four Hostages,” not the massacre that resulted in hundreds of martyrs and wounded. What is equally heartbreaking is that our enemy throws all of its power and weapons into its war to liberate its captives, while not a single bullet was fired for the abundant blood of the people of Gaza, and nothing was done by the Muslim rulers in response except humiliation, and more humiliation, and false denunciation on the surface while on the inside lies conspiracy and betrayal. This is because Muslims and their souls are insignificant to their criminal rulers. It is painful to see the criminal kuffar compete with one another, despite their differences, in order to support each other and support the entity in its falsehood, while the Muslims of Palestine are left without support from those on whom Allah has enjoined the duty of supporting them, the people of power and arms from the Muslims!

Likewise, the responsibility of the innocent souls and pure blood is on the shoulders of everyone who has power to bring change, from the armed forces and armies, and does not take the initiative to depose the traitorous rulers, support his brothers and avenge their blood. What happened in Nuseirat, despite its gravity, is not new of its kind, rather it has been going on for eight months, and the rulers’ failure and disdain for the blood and souls of Muslims is not new either. Rather, it has been happening for decades, and unless these rulers are removed from their thrones, the bloodshed will continue, and the failure and betrayal will continue with it. يَا أَيُّهَا الَّذِينَ آمَنُوا مَا لَكُمْ إِذَا قِيلَ لَكُمْ تَفَعَّلُوا فِي سَبِيلِ اللَّهِ اتَّقَلْتُمْ إِلَى الْأَرْضِ أَرْضَيْتُمْ ﴿١٥٨﴾ “O you who have believed, what is [the matter] with you that, when you are told to go forth in the cause of Allah, you adhere heavily to the earth? Are you satisfied with the life of this world rather than the Hereafter? But what is the enjoyment of worldly life compared to the Hereafter except a [very] little” [At-Tawba: 38]
