Tubas is a Witness to the Palestinian Authority's Bias towards the Enemies of Palestine and its People

(Translated)

In light of the scene of the Gaza Strip and its north, and the criminal Jewish entity's renewal of bombing after bombing, killing upon killing, and displacement after displacement, and in light of the scene of ongoing killing in the West Bank; not the last is the killing of four young men from Nablus by the hands of those whom Allah's wrath is upon, in cold blood, in an area under the authority of the Palestinian Authority (PA) as it claims, and if it had an ounce of dignity, that scene would have been enough for it to end its relationship with them.

That authority that does not repel the aggression of the forces of the criminal Jewish entity or its settler gangs from the people of Palestine, but rather coordinates with it and complies with its orders, and in return it increases its humiliation by considering Ramallah part of the work of the military governor. It is that authority whose project for the alleged statelet based on treason and abandonment of the land of the Isra and Mi'raj was trampled upon by the Jewish entity with its feet, but its treason remains.

It is beyond treason, that the Palestinian Authority declares its hostility to the people of Palestine, as is happening with the pursuit of the Mujahideen in Tubas, arresting them and shooting them, dispersing the people there with tear gas, killing the Mujahideen and arresting them as the Jews do, exactly the same and like for like, and acting on its behalf by filling the void when it is busy with its aggression against Gaza and Lebanon.

We are not surprised by this from an authority that is accustomed to betray Allah, His Messenger and the people of Palestine, since it began its journey with the PLO, which committed every sin wherever it went, until it reached the greatest sin by surrendering Palestine. We are not surprised by this from the one who was founded on the idea of living under the boots of the occupation and sanctifying collaboration with it (the security coordination); that ornate phrase to guard the Jewish entity and fight anyone who threatens its security.

What we find strange is the actions of the sons of the security services of the Palestinian Authority, how were they capable of killing their brothers and their people, painting the ugliest picture of the disobedient son who turned against his family and followed the criminals, and accepted to be the enemy's weapon with which to strike his brothers?! Perhaps they are thinking that the PA will perish, if not today then tomorrow, whether before or with the occupation. Its leaders will try to cling to the wind so that they may escape from their bad end, and they will leave them without caring about them or caring about their fate.

O Sons of the Security Services of the Palestinian Authority: We advise you to repent to Allah and keep your hands off your brothers, perhaps the time has not yet passed, and to side with your people. If you do that it is better for you, and if you do not do that you will have chosen to stand with their enemies, and this has consequences in this world and the Hereafter, whoever has a 'mindful' heart and lends an attentive ear.

What is more painful is that an Ummah with its men and soldiers have left the people of Palestine to an enemy who has control over them, and to an authority that frowns at them and coordinates with their enemy. There is no power or strength except with Allah, our trust in Allah and in His promise is unlimited. ﴿وَلَا تُحْسِبَنَّ اللَّهُ غَافِلًا عَمَّا يَعْمَلُ الظَّالِمُونَ﴾ **"Do not think 'O Prophet' that Allah is unaware of what the wrongdoers do. He only delays them until a Day when 'their' eyes will stare in horror"** [Ibrahim: 42] ﴿إِنَّ اللَّهَ بِأَلْعَامِهِ قَدْرٌ﴾ **"Certainly, Allah achieves His Will. Allah has already set a destiny for everything"** [At-Talaq: 3]
