Palestine is Not Represented by Those Who Surrendered its land and Betrayed its People

(Translated)

Under the title "Palestinian clans consider the organization the sole legitimate representative", the Palestinian Authority gathered on Sunday 1/12/2024 a group of what it called "Palestinian clans" and took pictures of them, "based on the directives of the Secretary of the Executive Committee of the Palestine Liberation Organization, Hussein al-Sheikh, and within a series of meetings held by the Secretariat of the Organization to target all segments of our people," as reported by the Wafa Agency.

This activity is taking place in a desperate attempt by the Palestinian Authority to restore the "legitimacy" of its organization at a suspicious time, as if it is preparing for a new role in the Gaza Strip that it aspires to and desires, to provide its services by controlling it, and completing what the criminal Jewish machine failed to do, with American crusader weapons. It wants to do so with the cover of the people of Palestine.

We must clarify the points as follows:

1- The slogan "the sole legitimate representative" is the cover under which the organization committed the great betrayal by giving up most of Palestine to the Jewish entity. In fact, the organization was given this title only to carry out this heinous crime.

2- The people of Palestine do not accept giving up a single inch of Palestine. In fact, the organization does not even dare to ask those who gathered them a clear question: Do they accept what the organization did in giving up about eighty percent of the land of Al-Isra and Mi'raj? Would any of them accept giving up a land that was conquered by Umar bin Al-Khattab, may Allah be pleased with him, and liberated by Salah ud-Din, may Allah have mercy on him? And would they accept giving up an inch of the furthest land of Palestine, which was watered with the blood of the Companions, conquerors, liberators, and mujahideen?

3- Palestine is not a farm, neither for Mahmoud Abbas nor for Hussein al-Sheikh, nor for their likes, for they are parasites on this issue, and do not represent the people of Palestine or even a child of its children.

4- Palestine is a kharaj land owned by the Islamic Ummah, no one on the face of the earth has the right to give up an inch of its soil. All the agreements of the Authority with the usurping entity are under the feet of the Ummah, whether they took place now under occupation, or after its liberation, soon, Allah willing.

5- We warn the people of Palestine against the plots of those with a history of betraying Palestine and its people, from being deceived in any way by these criminals. Being dragged behind their positions will not change the reality of this land at all, unless those who follow them are branded with the label of treason and collaboration.

6- Gaza and the entire Blessed Land will one day be liberated and purified from the filth of the Jews and Crusaders once again ... that day is near, Allah willing, when there will be no place for traitors, conspirators, and collaborators.

﴿وَيَقُولُونَ مَتَىٰ هُوَ فُلْ عَسَىٰ أَن يَكُونَ قَرِيبًا﴾

"They will ask, "When will that be?" Say, "Perhaps it is soon!" [Al-Isra: 51]
