

Thus, it appears that the state is stealing our right to oil, and despite that, it increases its prices every week so that it and some companies profit at our expense!

Third: Even the fuel that is imported by companies, the state raises its price with taxes that exceed 25% of the price of fuel and by its own admission, and this is forbidden because it is an indirect tax that increases prices. And he (saw) forbade adding to the prices for Muslims, so he (saw) said: «مَنْ دَخَلَ فِي شَيْءٍ مِنْ أَسْعَارِ الْمُسْلِمِينَ لِيُغْلِبَهُ» “Whoever adds to some of the prices of Muslims to increase the price on them, then it is a right upon Allah the Al-Mighty to sit him down by the fire on the Day of Resurrection.”

Fourth: The rise in fuel prices (petrol and gasoline) automatically causes all the prices of goods and services to rise, and this is what is happening these days of a crazy rise in prices, and a successive decline in the value of the Sudanese pound, which made life an unbearable hell.

In conclusion, we say to our people in Sudan, that what has brought us to this state of high cost of living and its hardship is the distance from the approach of Allah Almighty, and the adoption of the methods of the Kuffar in politics, economics, and other things, and our lives will not be comfortable unless we return to our Lord, and work with the sincere sons of this Ummah to establish a state right and justice; the Khilafah Rashidah (second Rightly-Guided Caliphate) upon the method of the Prophethood that makes life tied to the firm rope of Allah (swt), and restores, the rulings of the Lord of the Worlds, our stolen right.

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا اسْتَجِيبُوا لِلَّهِ وَلِلرَّسُولِ إِذَا دَعَاكُمْ لِمَا يُحْيِيكُمْ﴾

“O believers! Respond to Allah and His Messenger when he calls you to that which gives you life” [Al-Anfal: 24]
