This is within the framework of Hizb ut Tahrir / Wilayah of Sudan meetings with community leaders, intellectuals, politicians and others, as part of the party's campaign to eradicate drugs.

After welcoming the delegation, the head of the delegation, Ustadh Abu Khalil, spoke about the purpose of the meeting, and that it came within the framework of the Hizb's campaign launched in the Sudan News Agency (SUNA) to combat drugs, indicating that drugs are one of the means of modern warfare, which is the fifth generation wars, and that since 2013, drugs have been flooding Sudan, in order to destroy the minds of young people who are dependent on for real change, Allah willing.

Abu Khalil also showed the state's lack of seriousness in combating drugs. Rather, the head of the Sovereign Council, Al-Burhan, shakes hands with the murderous criminal Cohen, the foreign minister of the Jewish entity, knowing that the Jewish state is involved in flooding Sudan with drugs, and therefore it should not be relied on this system to eliminate drugs, but rather we must work to establish the Khilafah Rashidah (rightly-guided) state on the method of the Prophethood, so that the youth and society are preserved, by eliminating drugs and all evils radically.

Then Dr. Abd Al-Rahim spoke, saying: You are the only ones who know the role of the council, and for that we thank you for this visit, and for the effort you are making in this regard, indicating that they also have programs in the fight against drugs. Then he gave the opportunity to Brother Al-Zubayr - Secretary General of Intellectual Fortification at the Council, who explained in detail the programs they are carrying out.

In conclusion, the head of the Islamic Fiqh Council agreed that confronting the Western threat can only be undertaken by a strong state, which is the Khilafah State. Brother Abdullah Hussain presented some publications related to the drug issue issued by the party, in addition to issues of the weekly Ar-Raya Magazine issued by Hizb ut Tahrir.
