Within the Framework of the Campaign Organized by Hizb ut Tahrir / Wilayah of Sudan to Foil the Plan to Separate Darfur: The Party Held Stands in Several Sudanese Cities

(Translated)

Within the framework of the campaign organized by Hizb ut Tahrir / Wilayah of Sudan to foil America's plan to tear the country apart by stripping Darfur from the body of Sudan, the Hizb on Thursday 11/09/2025 held a stand at the Old Gedaref Mosque. After Friday prayer on 12/09/2025, a number of stands were held in various cities of Sudan, at the large mosques in Port Sudan, Al-Shawak, Sinja, Rabak, Madani, Al-Abbasiya Taqli, Khartoum (Al-Kalakla and Al-Dukhaynat), and in Omdurman at two mosques.

During these stands the youth raised a set of banners that read:

1. Foil America's plan to separate Darfur.
2. Foil the "Blood Borders Plan" and prevent the stripping of Darfur.
3. The issue of the unity of the state is a decisive issue toward which the measure is life or death.
4. Establish the Khilafah to uproot the influence of the kafir West from your country.
5. Indeed the Imam is a shield, one fights behind him and is protected by him.
6. Take firm measures against the agents and traitors, and prevent the separation of Darfur.
7. Mobilize the energies of the sincere ones to foil the plan to separate Darfur.
8. The armed force in the state must be one.
9. Integrate all militias into one army, and stop manufacturing chaos and tearing the country apart.
10. Take firm measures against the agents and traitors and do not neglect Darfur as you once neglected South Sudan.
11. Prevent the secession of Darfur before it follows South Sudan.
12. O people of Sudan: You are able to foil the plan to strip Darfur — so stand for Allah, obedient.
13. The people of Al-Fashir are killed by war and hunger, hasten to deliver them.

14. The announcement of a parallel founding government is an American plan to separate Darfur, prevent its establishment.

15. America is accelerating its plan to separate the Darfur region; there is no refuge except by making the unity of the state a decisive issue.

The worshippers were also addressed after leaving the mosques with a call entitled: **“O people of Sudan, do not allow America to tear your country apart and strip Darfur.”** In each mosque one of the members of Hizb ut Tahrir read aloud the call, and in the administrative capital Port Sudan the official spokesman of Hizb ut Tahrir in Wilayah Sudan addressed the crowds, explaining that nations in their timespan have vital issues, i.e., issues toward which one takes a single disposition: life under them or death for them, and that the creed of Islam has defined our decisive issues, among which is the issue of the unity of the state and the unity of the Ummah, and that when we lowered this issue from its station America was able to separate South Sudan and now seeks to draw, by borders of blood, new states, preparing the stage with the same scenario as the South for the separation of Darfur.

The call demanded that the people of Sudan rise to foil the American plan in obedience to the Messenger of Allah (saw).

The attendees in all these stands across the various Sudanese cities responded with Takbīr and Tahlīl, praising Hizb ut Tahrir’s confronting of these issues and noting that it always alerts the Ummah to the dangers surrounding it.
