Delegation from Hizb ut Tahrir in the Wilayah of Sudan Visits Pakistan Embassy in Khartoum

(Translated)

A delegation from Hizb ut Tahrir in the Wilayah of Sudan, led by Ustadh Soleiman Ad-Dasis accompanied by Ustadh Abdullah Abdur Rahman, both members of the Wilayah Council of Hizb ut Tahrir Wilayah Sudan, and Al-Bashir Ahmad, member of Hizb ut Tahrir, visited the Pakistan embassy in Khartoum and met with the consul of the embassy (due to the ambassador being away on travel as informed by the embassy).

After introductions, the Head of the delegation indicated that the reason of the visit was based on Islam and not on the premise of us being Sudanese or Pakistani. He also stated that the invitation that we are carrying is not our responsibility alone but rather it is the responsibility of all Muslims. As for the subject of the visit then it relates to one of our brothers, a Da'wah carrier working for the resumption of the Islamic life via the establishment of the rightly guided Khilafah upon the methodology of the Prophethood. He is Doctor Iftikhar who is currently languishing in the prisons of Pakistan despite suffering from colon disease due to the refusal of post-surgery treatment by the security agencies after which his health further deteriorated. In spite of his ill health and worsening condition, they nevertheless placed him in chains by his feet whilst he was bedridden. All of which reaffirms the absence of humanity of the regime that oppresses the carriers of the truth and even when they are in a state of ill health.

Then the delegation handed over a press statement issued by the Media Office of Hizb ut Tahrir in Wilayah of Pakistan under the title:

“Release Dr. Iftikhar Immediately

Dr. Iftikhar's Life is in Danger Because the Raheel-Nawaz Regime Denies him Treatment after his Operation”

The Consul promised to deliver the message to the Pakistan government and he said that he would do that for the sake of Islam and humanity after he saw the picture of Doctor Iftikhar whilst he was unconscious and chained to the hospital bed.
