Rulers or Puppets Those Who Accept the Plots of Enemies?!

(Translated)

The Sudanese Foreign Minister Ibrahim Ghandour said on Thursday 13/4/2017, "The separation of the South was basically a conspiracy that we accepted, and what is happening now is the result of this conspiracy and they bear its full responsibility." This was in response to the statement of the Russian Foreign Minister during a press conference with his American counterpart Rex Tillerson, last Wednesday in which he said: "The Obama administration has asked the government of Omar Al-Bashir to agree to divide Sudan into two parts, to address its problem in return for not handing him over -that is, Al-Bashir- to the International Criminal Court," and he said: "The separation of the South was a US project by the Obama administration."

In light of this statement, we in Hizb ut Tahrir / Wilayah of Sudan highlight the following:

First, we warned the people of Sudan, especially the politicians, in the government and the opposition, before the separation of the south took place. We said that the agreement of evil and treason (Naivasha) is an American conspiracy to tear apart Sudan and to exclude Islam from government and legislation. We carried out many activities; from communications, speeches, Conferences, lectures, millions of signatures (collected), and rallies in the three cities of the (triangular) Capital, and rallies to our sincere sons of the Ummah in the army. The party addressed the General Command of the Armed Forces and the Parliament, issued a number of booklets, thousands of leaflets and press releases, warning the people, calling them to stop this plot, But instead of accepting advice, our members we arrested, and the ruling regime and politicians in Sudan have blessed this ominous conspiracy!!

Second: How many conspiracies accepted by the Government of Salvation, and those allied with it that brought this rich bountiful country with wealth, to this humiliating situation, from poverty, high prices and tightness in living.

Third, the Foreign Minister's admission of this crime did not stop the government from passing more conspiracies. It is now handing over the country to the Americans and is widely opening the whole country to make it a den of spying on Muslims. According to a report by "Africa Intelligence" titled: "Increasing the Intelligence Co-operation between Sudan and America," it revealed an agreement between Sudan and America that allows Khartoum to host a station for the CIA, the American intelligence agency, in their partnership to combat (terrorism). A visit is expected by the Deputy Director of the Agency, Gina Haspel, to Khartoum next May to complete the partnership". (Sudan Tribune 7/4/2017 CE). No doubt, any naïve person understands that the Kaffir West by (Terrorism) they mean the Deen of Islam.

Fourth, this government continues to accept the conspiracies of the enemies and carry out their criminal projects in the country, including the outcomes of the national dialogue through which America wants to apply open secularism and to tear down the rest of Sudan.

In conclusion, every day the facts are revealed that Hizb ut Tahrir was first to expose, to show the people the crimes of these destructive states after the fall of the Khilafah. This confirms that the hands of the colonists will not be cut off, and the problems of the Muslims will not be solved except by the second righteous Khilafah on the Method of Prophethood, that will be ruled by sincere men, who will rule by the laws of the Lord of the Worlds, and protect the Ummah from the plots of its enemies, verifying the words of the Messenger of Allah (saw): «إِنَّمَا الْإِمَامُ جُنَّةٌ يُقَاتِلُ مِنْ وَرَائِهِ وَيَنْقَى بِهِ» **"Verily the Imam is a shield who is fought from behind and it is protected by."** The Imam who is the shield, is the cover and protection from the machinations of the enemies and hypocrites.
