Concerning the Fifth Anniversary of the Revolution's Outbreak in Tunisia (Translated)

On the occasion of the fifth anniversary of the outbreak of the People's Revolution in Tunisia, in light of the utter failure of the secular regimes that came consecutively to govern the country, the Women's Section in the Media Office of Hizb ut Tahrir Wilayah Tunisia:

- salutes with the Muslim Ummah as a whole this anniversary considering it to be the revolution which paved the way for the rest of the revolutions in the Muslim countries.

- invites the people of the Muslim Ummah to learn a lesson from the utter failure of the governments' politics coming consecutively to run the country since the escape of Bin Ali, as it has been mostly a direct application of the colonial countries' agendas in our country; as from the secular constitution to the compatibility policies after the political assassinations, and in the absence of uncovering the truths fully, to terrorism.

- reminds the people of the Muslim Ummah that the only system that is able to solve the crisis and resolve the compiling problems is the Islamic system which has emanated from their Aqeedah.

- reminds the people of this good country that working for establishing the Khilafah Rashidah state (Caliphate) upon the method of Prophethood, which Hizb ut Tahrir is working for its establishment, is an obligation from Lord of the Worlds (swt). It is also an obligation upon all the Muslims to work for its establishment, as it is our protection in both worlds (here and the hereafter) which we seek refuge in from the plots of those plotting against us in this world, and the punishment of Allah (swt) in Al-Akhira.
