O Muslims! You should not accept this Regime... Not for a hundred years, not even for a single day

(Translated)

Exactly a hundred years have passed since the establishment of the Turkish Republic, where the colonial Western powers, led by Britain, declared that they would recognize its existence on the condition of abolishing the Khilafah (Caliphate). Contrary to the official historical account, the Republic, which opposes the Muslim faith and dedicates itself to the eradication of all Islamic values, is a system that did not originate from the demand of the Muslim people of Anatolia, but as a fait accompli imposed by a handful of Western-influenced minorities. The Republic, which has preserved its evils, sometimes through one-party Kemalist dictatorship, and sometimes through secular democratic governments, and at other times through military tutelage and coups, and sometimes through conservative democratic governments, has not offered anything to the Turkish people or the Islamic world throughout the century. This is because the Republic adopted the creed of enmity to Islam, which was revealed by Allah, the Almighty, for the development, prosperity, peace, and security of humanity. Furthermore, the founders of the Republic, who promptly moved to obtain recognition of the new system by Western states, abolished the Arabic language to sever Muslims' connection to the Quran, interfered in the attire of Muslims through the Hat Law, and hindered religious education by closing schools and religious circles. These enemies of the Deen, who successively fulfilled the promises they made to England in Lausanne and first abolished the Khilafah for all of this.

The events of October 29 held as part of the hundred-year campaign for Turkey's centennial celebration were dim this year due to the massacres committed by the Jewish entity in Gaza. Undoubtedly, if it were not for the brutality of the Jewish entity in Gaza, the celebrations that even the Kemalists would have envied would have started a long time ago. The government, which deceives Muslims with lies and dreams circulated under the slogan, 2023 Vision, aims to make Muslims love the secular Republic on the occasion of Turkey's centenary. It also aims to make the Republic, which is on the brink of disintegration in every sense of the word, appear sacred to Muslims.

O Muslims! Today, the centennial celebration marks the removal of the Quran and Sunnah from life. The centennial celebration marks the planting of immorality among men and the undressing of women. The centennial celebration marks the system that drowns our children and youth in the quagmire of drugs, leads them to atheism and disbelief, and increases the crimes of murder, rape, and violence. The centennial celebration marks the system that has impoverished the entire population by leading them into the quagmire of haram and debt, allowing usury, as our Prophet Muhammad (saw), said in his Farewell Sermon: «إِنَّ كُلَّ رِبَاٍ مُّوَضُّوعٌ» **"Indeed, every loan that attracts a benefit is usury."** This is what the Republic has seen fit for you throughout the past hundred years... and this is what is called the level of contemporary civilization. Today, the centennial celebration marks the Republic that paved the way for all these evils and corrupt actions. As for you, you should not be satisfied with this system, you should not be ruled by this system, and you should not consider this secular system, which distorts your religion and values, as a legitimate project. After a hundred years, you should not accept the Republican system for a single day or a single year, let alone another hundred years. It is now your duty to return to your essence, hold fast to your Deen, and turn your backs on this false system and its manifestations. Because you are the Ummah that believed in our Allah, the Almighty, who made you the best Ummah brought forth for mankind. The state system for the Islamic Ummah is the Khilafah Rashidah (rightly guided Caliphate) only. You must strive to establish this state.

﴿كُنْتُمْ خَيْرَ أُمَّةٍ أُخْرِجَتْ لِلنَّاسِ تَأْمُرُونَ بِالْمَعْرُوفِ وَتَنْهَوْنَ عَنِ الْمُنْكَرِ وَتُؤْمِنُونَ بِاللَّهِ﴾

"You are the best nation produced [as an example] for mankind. You enjoin what is right and forbid what is wrong and believe in Allah" [Surat Aal-i-Imran:110]
