**Hizb ut Tahrir / Wilayah Turkey**

**Conclusion of the Activities of the Blessed Month of Ramadan 2026 CE**

(Translated)

Allah, Glorified and Exalted, has favoured us as Muslims over all people and made us one Ummah. Allah (swt) said: ﴿إِنَّ هَذِهِ أُمَّتُكُمْ أُمَّةً وَاحِدَةً﴾ **“Indeed this, your Ummah, is one Ummah.”** [Al-Anbiya:92]. And from this starting point, we launched in Hizb ut Tahrir / Wilayah Turkiye a title for the blessed month of Ramadan this year, as in every year, and we said “Ramadan: Time that we be one Ummah”. And we called the Muslims the divided and the scattered since more than a century, to return to be one Ummah again, and we executed all our activities under this title.

During the month of Ramadan, we carried out organizing iftar programs in 15 different Wilayahs in all of Turkey, which targeted representatives of civil society organizations, and political parties, and media outlets, in addition to scholars, and notables of the society, and journalists and writers, and academics. And these programs were established in each of Istanbul, and Ankara, and Antalya, and Aksaray, and Nigde, and Kirikkale, and Diyarbakir, and Van, and Batman, and Bursa, and Kocaeli, and Duzce, and Konya, and Sanliurfa, and Mersin, where we held with the guests round table dialogue sessions. In these meetings which were characterized by a nature of friendliness and frankness, we addressed the reasons of what the Muslims were exposed to during the past century of occupation and extermination and colonization, and we also discussed the results of their division into national states, and the ways of returning to unity under the roof of one Ummah. Likewise, we examined the reasons of the war which the Crusader and Zionist alliance started against Iran, and what the position of the Muslims should be in this war. And we also carried out organizing iftar programs in all the regions in which we work across Turkiye, in faith atmospheres expressing the spirit of the month of Ramadan. And some of the women’s and youth branches undertook hosting these programs, which gave them vitality and active participation.

And on the anniversary of the abolition of the Khilafah (Caliphate) on 3 March, we organized 50 activities of seminars and lectures in various parts of Turkey under the title: “The Khilafah is not an option but rather it is a Sharia obligation”. And we emphasized in these activities the unacceptable situation which the Ummah of Islam lives, and the importance of the need for the Khilafah, clarifying with evidences that the Khilafah is not merely an option, rather it is a Sharia and political necessity in light of the current global circumstances.

We ask Allah to reward goodness to all the Muslims who participated in the iftar programs, and attended the seminars and lectures, and participated in the councils of dawah and dialogue. Indeed the revival of the Muslims in the various regions of Turkey, from its east to its west, and from its north to its south, of the cause of the Ummah and presenting the need for the Khilafah, and their striving to end the occupation and injustice, is a proof of what is in them of goodness. For indeed this Ummah is a chosen and just and witnessing Ummah, it spreads goodness and stands in the face of evil, and it will be, by the permission of Allah, at the forefront of those who work to establish the Khilafah again.

We ask Allah (swt) to make this month the last Ramadan that we live without Khilafah, and that He humiliates all the kuffar, and at their head America, and that He hastens the liberation of Gaza and all Palestine, and that He grants our eyes delight with the liberation of al-Quds. O Allah, Ameen.
