Yesterday it was Srebrenica and Today it is Syria!

Reveal the Real Killers who are in Plain Sight and do not Endorse Them

(Translated)

Twenty years ago and on the ١١th of July ١٩٩٥ to be precise, a large massacre took place in Srebrenica where the Muslims of Bosnia were handed over to the Serbian forces under the supervision of the United Nations. These forces then committed a huge genocide as ٨٠٠٠ Muslims were killed by the Serbs over a period of three days under the watch of the United Nations and the disbelieving states. As for the genocide undertaken by the Serb forces in the campaign: "Revenge against the Ottomans" in Bosnia as a whole then its victims numbered ٣١٢,٠٠٠ Muslims whilst a million were forced to leave their homes. All of these atrocities happened under the protection of the 'United Nations' and within the protection of the 'safe zone' which was the result of a secret agreement between America, England and France. Indeed the Prime Minister Ahmet Davutoglu had visited Srebrenica on the occasion of the ٢٠th anniversary of the genocide and it was recorded that he said: "We believe that the international community will take a lesson from the genocide in Srebrenica and will expend all efforts and take all necessary measures to prevent a similar occurrence from happening".

Indeed the rulers who do not undertake anything apart from making visits to the graves of the martyrs of Bosnia and giving commiserations and condolences on the anniversary of the genocide. They proceed as per usual upon the path of those who came before them with this proclamation whilst they conceal the real killers who are responsible for the genocide. This is in the case where the real killers who are responsible for the genocide in Srebrenica, the oppression of the Muslims, betraying them, shedding their blood and for their tears is none other than the United Nations. At the head of which is America, England, France and other states that view the UN as a legitimate tool for colonising the Islamic lands, occupying them, perpetrating massacres and for the extermination of Muslims on mass. So why should mercy be expected and waited for from these blood-thirsty murderers? And why are these enemies of Islaam drawn close to? Isn't this just like handing over the sheep directly to the wolves?!!

O Rulers!

Indeed it is you who must take a lesson from the massacre of Srebrenica. However this lesson is not taken by placing flowers upon the graves of the martyrs on the occasion of the anniversary of the massacre. The lesson is also not by shedding tears but rather it is a duty upon you to first reveal the real killers in Srebrenica and announce for all to see that the UN is the real killer that delivered the Muslims of Bosnia to the Serbian Hyenas who then spilled their blood and were blood thirsty in respect to the

Muslims. So cut all of your relations and ties with the UN which is the collective assembly of those murderers and immediately end your subservience to America and the other colonial states. So what is it that you are doing? You say that you believe that the UN will exert its effort to prevent the reoccurrence of such an event like this! Are you not shy to make such a statement and proclamation like this? Have you not seen the sincerity of the UN to the United States of America and its support for its policies for the sake of accomplishing its interests within Syria?! Have you not also witnessed this in Iraq?! Or have you forgotten what happened in Afghanistan?!

Indeed we know that you will never learn and take the lesson from what Syria has been living through for nearly five years in respect to the American and western conspiracies. This is just as you didn't take the lesson from their conspiracies in Srebrenica. This is whilst you are following the American policy in Syria and provide open and clear support to the crusader alliance that was not established to stand against the butcher Assad but was rather established to stand against the Syrian people. You permit their murderous planes to launch from American bases with our lands so that they can attack the Syrian people with their missiles and shells. Despite this and without shyness you expect us to believe the lie that the planes launching from the Incirlik Base are actually part of the war against ISIS and the Baathists, just as Turkey had demanded! So what are the military operations that the crusader alliance has undertaken against the Baathist regime up until now?! And what has this alliance which is led by America done for the benefit of the Muslims of Syria up until this current day?! How can you build one lie upon another and one treachery following another whilst you know well that the Syrian regime has been under the American protection since the era of Hafez Al-Assad?!

﴿يَا أَيُّهَا الَّذِينَ آمَنُوا لَا تَخُونُوا اللَّهَ وَالرَّسُولَ وَتَخُونُوا أَمَانَاتِكُمْ وَأَنْتُمْ تَعْلَمُونَ﴾

“O you who have believed, do not betray Allah and the Messenger or betray your trusts while you know [the consequence]” [Al-Anfaal: ٢٧].
