

Press Release

## O People of Syria! Even though the whole world is against you, we are with you in its 6<sup>th</sup> year

We are in the 6<sup>th</sup> anniversary of the Syrian Revolution. We as Muslims from Turkey have stood by the people of Syria and the Islamic revolution, from the day the revolution began until today. Since the very beginning, we have worked to ruin the American plan from "Stealing the Syrian Revolution". America, first sent Annan then Ibrahim and lastly De Mistura to Syria in order to initiate its vile plan. America has since then let the butcher Bashar, Iran and its party in Lebanon and lastly opened the gates of Syria for Russia to massacre the people. With the crusade America organized it to fill the skies of Syria with vultures. America hoped that the Syrian people would bend on their knees, raise their hands and surrender. World's most detestable and arrogant state ever, the US presented itself as Syria's saviour while enabling homicides against Syria. America tried to poison the revolutionists by pulling them to the Geneva table with help from local collaborate governments.

**O people of Syria!** It has been five long years since the beginning of your revolution but do not lose hope and the Kuffar do not get your hopes up. For your revolution has not yet ended. With the help of Allah (swt) until the Khilafah Rashidah (Caliphate) upon the method of the Prophethood is established it will not end. What they call fiction, try to blacken and trying to discredit by making it meaningless Khilafah Rashidah, will be realized with the help of Allah (swt). It doesn't matter how much heavy weaponry they have, how big armies they have, we know that you desire martyrdom more than they love Dunyah. We as your brothers from Turkey will continue to cipher out those collaborate leaders that the Kuffar have managed bring in to their ranks one by one. We will uncover their ugly faces. It does not matter how many vile plans they make, we will ruin their plans. You, with the help of Allah (swt) will bring down USA's cutthroat agent Bashar and the Baath regime. When the Khilafah Rashidah is established that International system that is thought indestructible will be obliterated. From Indonesia to Morocco the Ummah will reunite under the rule of Khilafah Rashidah in the way of the prophet.

**Oh Brothers!** We as Hizb ut Tahrir Wilayah Turkey have shown you that we are always beside you with what we have done with the Muslims from Turkey. We have shared your worries and pain. We have organized countless conferences, rallies and activities in the last 5 years. And now, today in the 6<sup>th</sup> year of the revolution we have organized a conference with wide attendance titled "**In the 6<sup>th</sup> anniversary of the Syrian revolution being a witness to the Ummah**". We have trusted in your belief and Ikhlas. So don't waste your revolution. The Geneva table and democratic solution plans won't save you. Only a Khaleefah Rashid that won't give way to planes and ships, from ground and air, behind you will fight and brace, can save you. So carry your revolution to victory for Khilafah Rashidah. «إِنَّمَا الْإِمَامُ جُنَّةٌ يُقَاتِلُ مِنْ وَرَائِهِ وَيُتَّقَى» "The Imam (Khalif) is a shield. Which you fight with and protect yourself" (Muslim)

**O Muslims from Turkey!** Don't leave your Syrian brothers in this revolution alone and helpless. Stand up against the rulers that are surrendering them to America's dark plans. Warn them of Allah's punishment. Call those rulers to turn away from the Kuffar, to befriend the Muslims and Allah and to give them the victory with the permission of Allah.
