

Press Release

O Muslim Support the Holy Quran, Al-Madina Al-Munawara, Bayt Al-Maqdis and All Your Sanctities!

(Translated)

This week, Hizb ut-Tahrir / Wilayah of Turkey organized demonstrations and press conferences in 12 different cities in Turkey entitled "**O Muslim Support the Holy Quran, Al-Madina Al-Munawara, Bayt Al-Maqdis and All Your Sanctities!**"

These conferences were initially organized on May 11th after Friday prayers in Ankara, Van, Butlis, Mersin and Karaman Marash and Aydin. The security forces prevented the organization of the press conference planned on the same day in Gaziantep and Hatay Baltja without any justification. The party also organized press conferences and demonstrations after Dhuhur prayers on Sunday, May 13th in Istanbul, Bursa, Yalova and Shanli Orfa. The security forces in Shanli Orfa have tried to prevent Muslims from participating by encircling the press conference with iron barriers.

The arrogant US president, Trump, as it is well known, have declared Al-Quds (Jerusalem) the capital of the Jewish entity. On July 15, he announced his intention to move the US embassy from Tel Aviv to the alleged capital of the Jews in Al-Quds (Jerusalem). Three hundred people, including the President of the Republic of France, the enemy of Islam, and prime ministers, signed a statement calling for the deletion of verses that mention Jews in the Qur'an. Finally, the rulers of Saudi Arabia, the American agent, have agreed with the Vatican to build a large church in Al-Madina Al-Muwarra.

Hizb ut Tahrir / Wilayah of Turkey, broke the silence, and is calling on Muslims to descend to the squares against all these attacks, and calls on the rulers to act instead of making speeches. Thousands of Muslims who have rallied in the squares have strongly condemned the attacks on the blessed land of Palestine, Al-Quds, Madina and the Qur'an. And there were calls to the Muslim rulers who cooperate with the kuffar and turn a blind eye and block their ears in front of these attacks and remain idle, and only condemn timidly. There were calls to the Muslim scholars who are still silent before the failure of the rulers in front of the arrogance of the kuffar. The statement said: "O Allah, the Creator of the heavens and the earth! Witness that we are innocent from all these injustices, and Witness that we hate and detest all these betrayals, and Witness that we are not partners in all these crimes! But unfortunately all our cries no longer strike fear in the Kuffar, and our cries as individual Muslims do not deter the oppression of the oppressors! And does not protect our sanctities and mosques from the attacks of the oppressors! Because the Muslim rulers fail even to condemn, which is done by individual Muslims, these actions. While some of them cooperate with the Kuffar in these crimes, others are content with superficial reactions that are useless, Because these rulers are agents of the Kuffar, who attack Islam and the Muslims and their sanctities! and because Islam and Muslims have no one! Because there is no Khalifah (Caliph) to protect Islam! The Messenger of Allah (saw) said: «إِنَّمَا الْإِمَامُ جُنَّةٌ، يُقَاتِلُ مِنْ وَرَائِهِ، وَيَنْقَى بِهِ» "Only the Imam is a shield, behind whom you fight and you protect yourself with"
